CHDP PROGRAM LETTER NO.: 09-11

TO: All COUNTY CHILD HEALTH AND DISABILITY PREVENTION (CHDP) PROGRAM DIRECTORS, DEPUTY DIRECTORS, MEDICAL CONSULTANTS, STATE CHILDREN'S MEDICAL SERVICES (CMS) BRANCH STAFF AND REGIONAL OFFICE STAFF

SUBJECT: HEALTH ASSESSMENT DATA FOR FISCAL YEAR 2007-2008

The Children's Medical Services Branch has prepared the enclosed report on the CHDP services provided from July 1, 2007 through June 30, 2008.

If you have any questions or need further information, please contact Joseph Powers, Research Analyst II at (916) 327-2114 or email to jpowers2@dhcs.ca.gov.

CHDP ANNUAL REPORT FY 2007-2008
OVERVIEW AND FINDINGS

OVERVIEW

Program Description

The Child Health and Disability Prevention (CHDP) is a preventive program that delivers periodic health assessments and services to low income children and youth in California. CHDP provides care coordination to assist families with medical appointment scheduling, transportation, and access to diagnostic and treatment services. Health assessments are provided by enrolled private physicians, local health departments, community clinics, managed care plans, and some local school districts.

CHDP eligible children and youth are those whose gross family incomes are at or below 200 percent of the Federal Poverty Level (FPL). Age is also a factor in eligibility. CHDP participants who receive CHDP services as a result of being enrolled in full-scope Medi-Cal have to be less than 21 years of age. Participants who receive CHDP services through pre-enrolling in full-scope Medi-Cal because of presumptive Medi-Cal eligibility (the Gateway process) or those children and youth who have no health insurance for health assessments must be less than 19 years old.

CHDP participants receive completed health assessments from CHDP providers according to the CHDP periodicity schedule, which is based on age, or when the assessments are considered medically necessary. A completed health assessment includes the following: a health history and an unclothed physical examination; dental, nutritional, and developmental assessments; a vision and a hearing test; appropriate immunizations; a tuberculin test; laboratory screening tests to include testing for blood lead; anticipatory guidance; and appropriate health education to include the harmful effects of using tobacco products and exposure to secondhand smoke. When an abnormality is found on the assessment, there is an intervention or a referral. This constitutes a risk reduced in the data presented in this report.

CHDP operational responsibility is delegated to local governments in all 58 California counties as well as the cities of Berkeley, Long Beach, and Pasadena. Local CHDP responsibilities include provider recruitment, review and approval; provider education and quality assurance; liaison with schools and various community agencies; education and outreach to families of eligible CHDP children; and assistance to providers and families in obtaining CHDP services. Administration of CHDP is done by the Children's Medical Services (CMS) Branch of California's Department of Health Care Services (DHCS). One of the responsibilities of the CMS Branch is ensuring that CHDP providers are reimbursed for supplying CHDP services.

The CHDP program has at least 15 provider types that participate in fee for services (FFS) reimbursement. These provider types include solo practice physicians, group practice physicians, out patient clinics, and so on. Three of these provider types, federally qualified health clinics (FQHCs), rural health clinics (RHCs) and Indian health clinics (IHCs), use a slightly different form of FFS billing. Health care providers working

for these clinics, as opposed to other FFS provider types, render CHDP services to full-scope Medi-Cal CHDP participants or CHDP participants pre-enrolled in full-scope Medi-Cal through the Gateway process. For each health assessment rendered according to the CHDP periodicity schedule, these clinics receive a payment, but that payment is also considered to be reimbursement for any follow-up services rendered to the CHDP participant on the day of the health assessment. Services rendered after the day of the health assessment are not considered CHDP services. A billing for health assessments at the higher all-inclusive rate is submitted to EDS on a form called a UB-04. Along with the UB-04, a CHDP form known as Information Only PM 160 is submitted to EDS for the specific purpose of collecting demographic and health data on an individual child or youth and the itemization of CHDP services rendered.

The second process for provider reimbursement is through Medi-Cal Managed Care. Providers who are reimbursed for their CHDP services through Medi-Cal Managed Care are members of networks of organized systems of care that emphasize primary and preventative care. These providers render services to CHDP children or youth who are eligible for full-scope Medi-Cal. Billing for services is not submitted to EDS; however, the providers do submit Information Only PM 160s to EDS for purposes of collecting demographic and health data and for itemization of CHDP services provided to CHDP participants.

One of the administrative responsibilities of CMS is the collection of data on CHDP children and youth and the CHDP services provided to them. The data collection is also a federal requirement. The data collected on CHDP participants and the services they receive are obtained from the standard PM 160s and Information Only PM 160s that are submitted to EDS by CHDP providers. Duplicate records for an individual may result when more than one PM 160 form is submitted for a child or youth over the course of receiving CHDP services. To ensure data quality, all efforts are made to remove duplicate records after CMS receives CHDP data from EDS.

The collected data that are presented in this report are often arrayed by funding source. The funding sources are: All Funding, Regular Medi-Cal FFS, Gateway (presumptive eligibility Medi-Cal FFS), State Only, and Information Only. The Medi-Cal FFS funding source describes data from CHDP participants whose providers render services to full-scope Medi-Cal children and youth and are reimbursed through FFS. Gateway funding source describes data from CHDP participants whose service providers render services to children and youth who are pre-enrolled in full-scope Medi-Cal through the Gateway process and are also reimbursed through FFS. The State Only funding source consists of data on children and youth who have limited scope emergency Medi-Cal in the month they present for a CHDP health assessment. Their health assessments are reimbursed on a FFS basis by the State General Fund. The Information Only funding source describes data from full-scope Medi-Cal CHDP participants whose providers are reimbursed through Medi-Cal Managed Care.

DATA

The data for this report were assembled from submitted PM 160 data approximately six months after the end of the fiscal year (February 2009). One large county submitted only a small percentage of its Information Only PM 160s in time to be captured for this

report. Therefore, the aggregate statewide data are undercounted. Individual county data, with the exception of the one county, are consistent with previous reporting years.

FINDINGS

Recipient Demographics

Data from Standard PM 160 and Information Only PM 160 forms indicate that during FY07-08 the CHDP program providers delivered preventive health services to an estimated 1,947,575 children there was, on average, a 4.7 percent annual increase in the number of children receiving CHDP services. See Table 1. From FY98-99 through FY07-08, the total number of children receiving CHDP services decreased. There were 68,983 fewer children in FY07-08 than in FY06-07 who received CHDP services.

Table 1, Number and Percent Change for CHDP Children Served FY94-95 through FY06-07

Fiscal Year	Children Served	Children Served Previous Fiscal Year	Change From Previous Fiscal Year	Percent Change From Previous Fiscal Year
FY07-08	1,947,575	2,016,558	-68,983	-3.4%
FY06-07	2,016,558	2,038,833	-22,275	-1.1%
FY05-06	2,038,833	2,093,105	-54,272	-2.6%
FY04-05	2,093,105	2,065,237	27,868	1.3%
FY03-04	2,065,327	2,114,480	-49,153	-2.3%
FY02-03	2,114,480	2,087,243	27,237	1.3%
FY01-02	2,087,243	2,193,157	-105,914	-4.8%
FY00-01	2,193,157	2,228,326	-35,169	-1.6%
FY99-00	2,228,326	2,228,361	-35	0.0%
FY98-99	2,228,361	2,285,697	-57,336	-2.5%
FY97-98	2,285,697	2,188,669	97,028	4.4%
FY96-97	2,188,669	2,100,410	88,259	4.2%
FY95-96	2,100,410	2,016,615	83,795	4.2%
FY94-95	2,016,615	1,922,468	94,147	4.9%

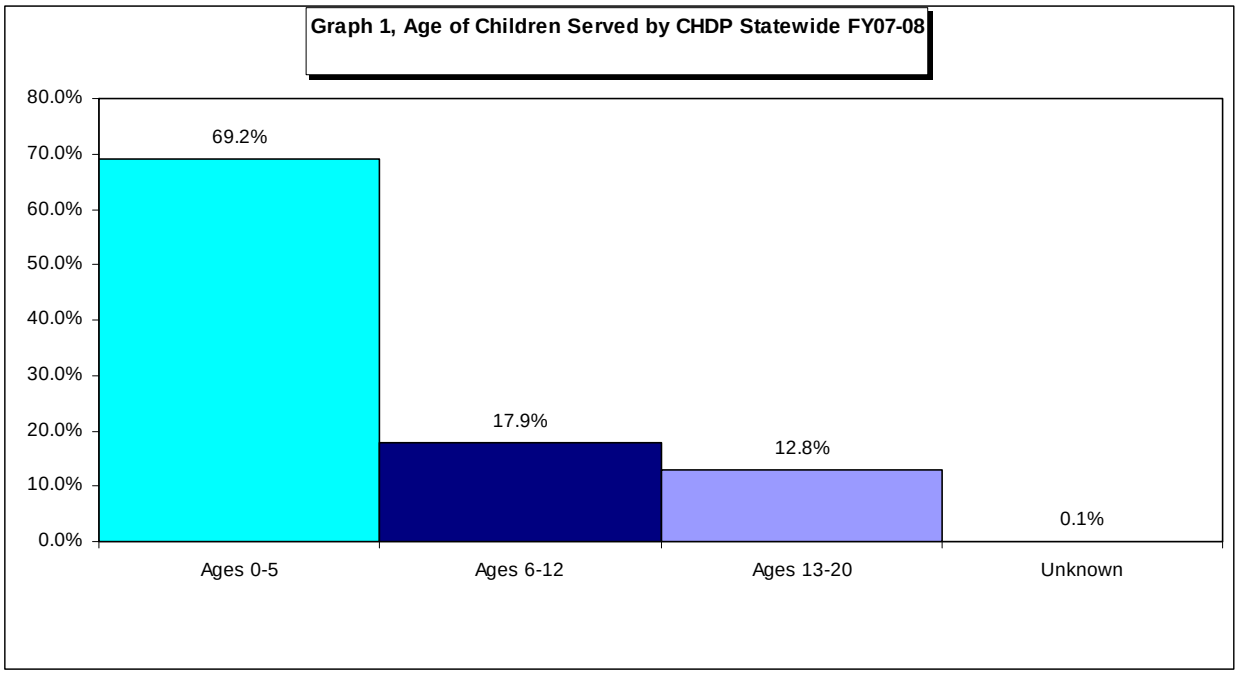
A comparison of FY07-08 CHDP data to FY06-07 CHDP data by funding source shows that 9,352 more Medi-Cal FFS children were reported in FY07-08 than in FY06-07, a 2.4 percent increase. See Table 2. During FY07-08, the number of children who were enrolled in Medi-Cal through the Gateway process decreased by 4,703 children, or 4.2 percent, from the previous year. The number of State funded CHDP children decreased from the previous year by 1,692, or 5.6 percent. CHDP received 61,822 fewer Information Only PM 160s during FY07-08 than in FY06-07.

Although there was a decrease in the number of Information Only PM 160s submitted during FY07-08, the number of Information Only children increased from 41,343 to 1,179,412 between FY93-94 and FY07-08. See Table 2. This is an increase of 1.8 percent per year.

Table 2, Children Served by CHDP Statewide
FY93-94 through FY07-08

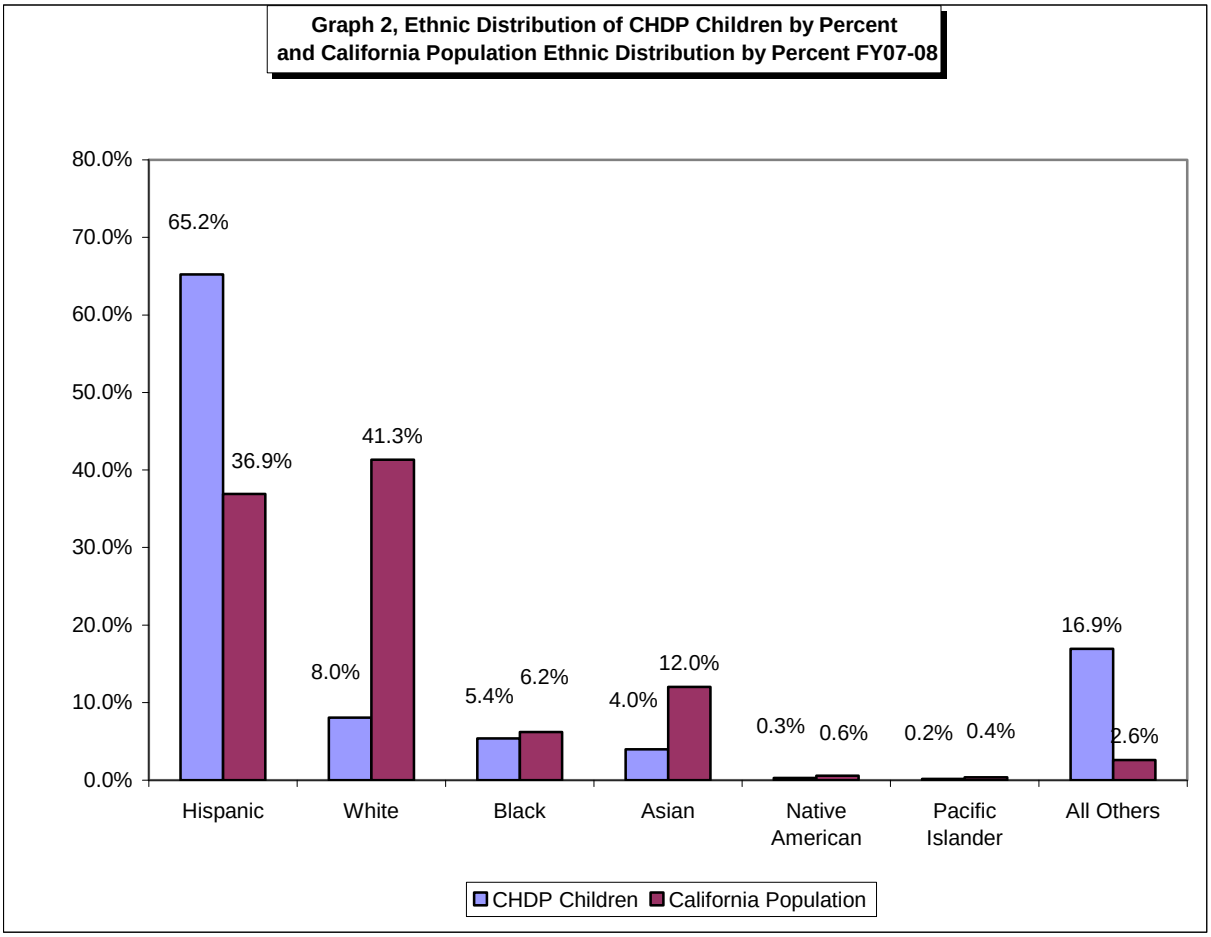
Fiscal Year	Children Served				
	Medi-Cal Funded	Gateway Funded	State Funded	Info Only Funded	Total
FY07-08	405,479	334,351	28,333	1,179,412	1,947,575
FY06-07	396,145	349,154	30,025	1,241,234	2,016,588
FY05-06	398,292	387,702	31,997	1,220,842	2,038,833
FY04-05	419,832	458,821	38,016	1,176,436	2,093,105
FY03-04	416,518	420,383	227,030	1,001,306	2,065,237
FY02-03	381,995	0	846,111	886,374	2,114,480
FY01-02	391,332	0	938,661	757,250	2,087,243
FY00-01	398,789	0	1,059,324	735,044	2,193,157
FY99-00	426,968	0	1,105,533	695,825	2,228,326
FY98-99	505,080	0	1,097,961	625,320	2,228,361
FY97-98	794,476	0	1,048,696	442,525	2,285,697
FY96-97	984,559	0	905,654	298,456	2,188,669
FY95-96	1,101,758	0	841,766	156,886	2,100,410
FY94-95	1,128,164	0	789,110	99,341	2,016,615
FY93-94	1,179,584	0	701,541	41,343	1,922,468

Of the 1,947,575 children who received services through the CHDP program during FY07-08, 69.2 percent were ages 0 to 5 years old, 17.9 percent were ages 6 to 12 years old, and 12.8 percent were ages13 to 20 years old. PM 160 data did not indicate the age of 0.1 percent of the children. See Graph 1.



In FY07-08 the ethnic distribution of the 1,947,575 children who received medical services as a result of the CHDP program was as follows: 65.2 percent Hispanic, 8.0 percent White, 5.4 percent Black, 4.0 percent Asian, 0.3 percent Native American, and 0.2 percent Pacific Islander. All other ethnic groups comprised 16.9 percent of the children. See Graph 2

According to the California Department of Finance's most current California population estimate, the ethnic composition of California's population was 36.9 percent Hispanic, 41.3 percent White, 6.2 percent Black, 12.0 percent Asian, 0.6 percent Native American, and 0.4 percent Pacific Islander. All other ethnic groups comprised 2.6 percent of the population[1]. See Graph 2.



The gender composition of CHDP children served during FY07-08 was 974,733 (50.1 percent) females and 967,653 (49.7 percent) males. For 5,149 (0.3 percent) of the population, the gender was not indicated in the PM 160 data. For a detailed distribution of CHDP gender data by county, see Table 82 in Section IX in this report.

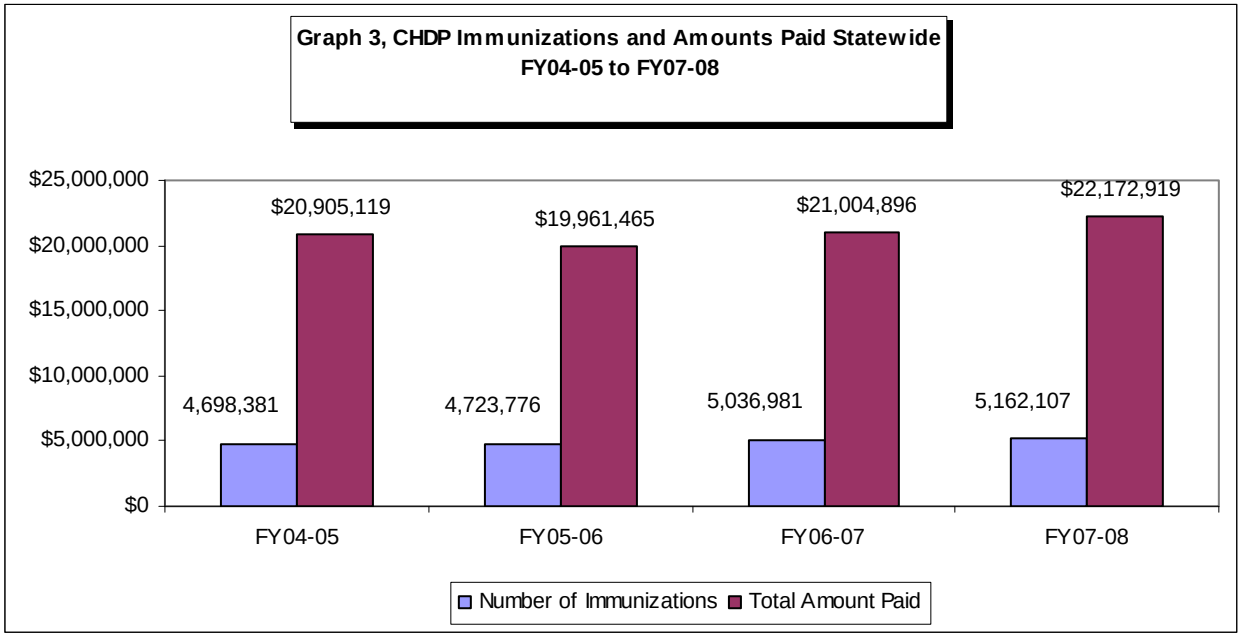
[1] State of California, Department of Finance, California County Race/Ethnic Population Estimates and Components of Change by Year, July 1, 2000–2004. Sacramento, California, March 2006.

Immunizations

By administering immunizations as prescribed in the *Recommended Childhood and Adolescent Immunizations Schedule,* providers try to ensure that children in the CHDP program are protected against certain infectious diseases. Depending on the type of immunization, a child can be protected from one disease or several diseases. The vaccine DTaP will protect a child from diphtheria, tetanus, and pertussis while another type of vaccine such as HepA only protects a child from the Hepatitis A virus.

The reimbursement rates for CHDP immunizations are listed in the "CHDP Vaccine Benefit and Reimbursement Table" that is in the "Maximum Reimbursement Section" of *the CHDP Provider Manual*. The rate of reimbursement consists of the cost of the vaccines and the cost that the provider charges for administering the vaccines. Therefore, the rate of reimbursement for an immunization depends on who pays for the vaccine. There are two sources of payment for vaccines that are administered by CHDP providers: (1) the Vaccines for Children (VFC) program and (2) CHDP providers. The VFC program provides free pediatric vaccines to physicians' offices for administration to eligible children from low income families. All CHDP children and youth through the age 18 are eligible for VFC. The reimbursement rate for vaccines administered to CHDP participants that are not covered by the VFC program, such as Measles or Meningococcal Conjugate Vaccine for participants over 18 years-old, varies in the "CHDP Vaccine Benefit and Reimbursement Table." Providers are reimbursed at a set rate for the cost of the vaccines that they have purchased as well as the cost of administering those vaccines.

During FY07-08, CHDP children received 5,162,107 individual immunizations. This is an increase of 125,126 immunizations or 2.5 percent (125,126/5,036,981=0.025) from FY06-07 when 5,036,981 immunizations were administered. See Graph 3. This increase can be principally attributed to changes and additions to the *Recommended Childhood and Adolescent Immunizations Schedule*.



The cost for the immunizations in FY07-08 totaled $22,172,919, making the cost per immunization $4.30 ($22,172,919/5,162,107=$4.30). The cost per immunization for FY06-07 was $4.17. The average cost per immunization increased by $0.13 (3.1 percent) for FY07-08.

Type of Providers

During FY07-08, there were 15 provider types who submitted Standard PM 160s to CHDP's fiscal intermediary. Data gathered from Information Only PM 160s did not indicate provider types. Therefore, percentages were calculated excluding children who receive CHDP services from providers that are reimbursed through Medi-Cal Managed Care and those providers who work in FQHCs, RHCs, and IHCs.

Physician Group Practice provided CHDP services to 40.6 percent of the total children served, 39.7 percent of Medi-Cal children, 42.7 percent of the children enrolled through the Gateway process, and 29.5 percent of the State-funded children. Physician Solo Practices provided CHDP services to 36.2 percent of the total children served, 40.0 percent of the Medi-Cal children, 33.5 percent of the Gateway children, and 15.0 percent of the State-funded children. Thirty-one percent of the State-funded children had services provided by RHCs. See Table 3.

Expenditures

Medi-Cal Managed Care providers are required to submit Information Only PM 160s to CHDP's fiscal intermediary when they render CHDP services to eligible children and youth. FQHCs, RHCs, and IHCs are also required to submit an Information-Only PM160 when they provide CHDP services to full-scope Medi-Cal and Gateway children and youth. The Information Only PM 160 form is specifically used as a reporting form

rather than a billing form. Expenditure data are unavailable for this group of children. Therefore, those children were not included in calculating the average cost per child for CHDP services.

During FY07-08, a total of $64,048,537 was paid for Medi-Cal FFS, Gateway funded services, and State funded services to CHDP eligible children. See Table 4. This is an increase of $363,542 from the $63,682,995 paid in FY06-07.

Of the $64,048,537 paid for CHDP services in FY07-08 (see Table 4), $33,111,211 was paid for services (see Table 4) to 405,479 Medi-Cal FFS funded children (see Table 2) at a cost of $81.66 per child ($33,111,211/405,479=$81.66).

In FY07-08 the Gateway process, which pre-enrolls children in full scope Medi-Cal, paid providers $28,821,954 (see Table 4) for services to 334,351 children (see Table 2) at a calculated cost of $86.20 per child ($28,821,954/334,351=$86.20).

For State funded CHDP services, providers were paid $2,115,372 (see Table 4) for CHDP preventive health exams and services to 28,333 children (see Table 2). The cost per child for FY07-08 was $74.66 ($2,115,372/28,333=$74.66).

Target Population

The CHDP target population is comprised of children eligible for Medi-Cal less than 21 years of age and non Medi-Cal eligible children less than 19 years of age from families with incomes under 200 percent of the FPL. Children that meet these criteria qualify for health services through the CHDP program although they may not use the services. The CHDP estimated target population for FY07-08 was 5,104,402 [2].

The total number of children actually served by CHDP was 1,947,575. When calculated, the total accounted for 38.2 percent (1,947,575/5,104,402=0.382) of the target population. More than half (61.8 percent) of the target population was not served by the CHDP program. The Medi-Cal funded estimated target population was 3,444,424. This population includes Regular Medi-Cal FFS, Gateway (Presumptive eligibility Medi-Cal FFS), and Information Only children and youth. CHDP services were rendered to 1,919,242 CHDP participants. When calculated, this is more than half (55.7 percent) of the target population. The State funded estimated target population was 1,659,979 of which 28,333 (17.1 percent) was actually served by the CHDP program. See Graph 4.

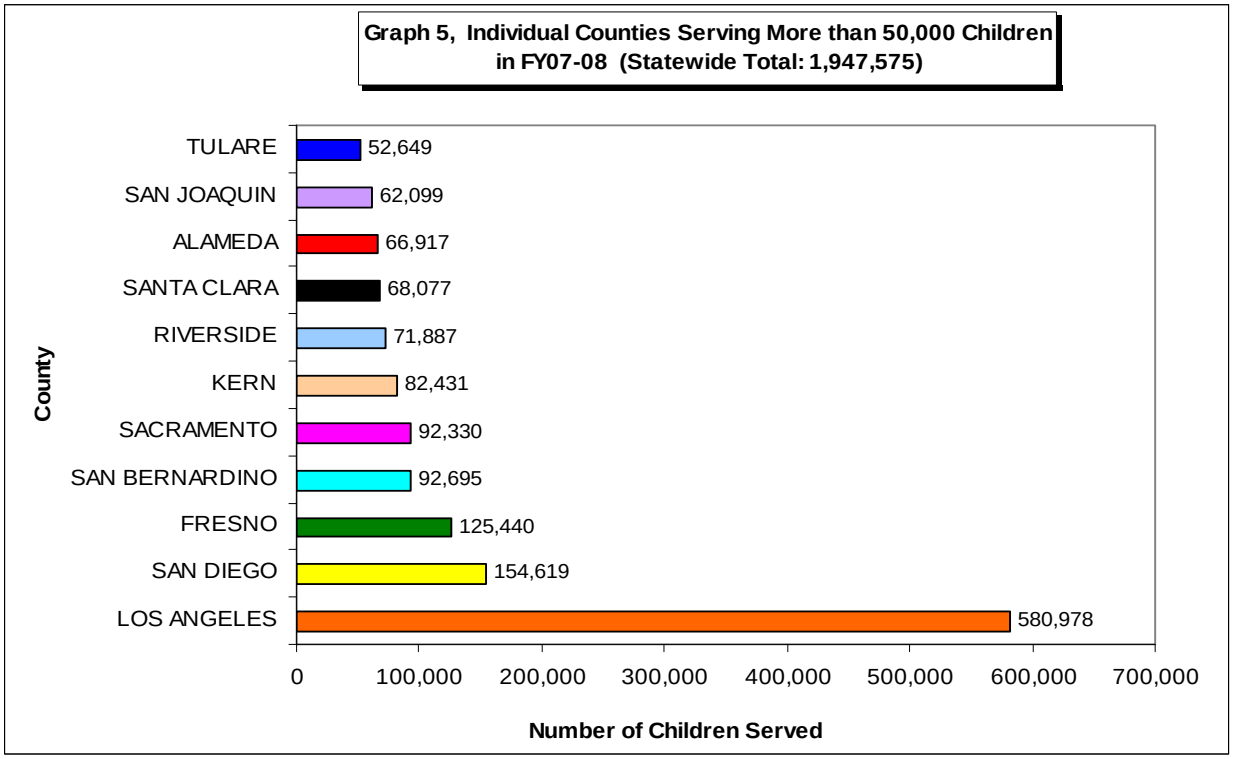
County/City Population derived from California Statistical Abstract, *Table B-4 Total Population California Counties and Cities 2006*.

California Counties That Served Over 50,000 Children in FY07-08

During FY07-08 11 California counties each served over 50,000 CHDP participants. When calculated, these counties combined served approximately 74.5 percent of the CHDP participants statewide. In FY07-08 Los Angeles served the most children at 580,978, which represents 29.8 percent of the total children served by CHDP statewide. See Graph 5. Please note that data are reported separately for the city of Berkeley in Alameda County and the cities of Long Beach and Pasadena in Los Angeles County.

During FY06-07 the following 12 California counties had over 50,000 participants receiving CHDP health services: Los Angeles, Orange, San Diego, Fresno, San Bernardino, Sacramento, Riverside, Kern, Santa Clara, Alameda, San Joaquin, and Tulare



Tables

Data previously discussed are presented in greater detail in the following tables. These tables are grouped into 11 sections. The first four sections provide the count of children and youth served and the health assessments provided. The sections are arrayed by funding source. Section V provides the count of specific assessments, and the tables are arrayed by age, ethnicity, and county. Section VI provides data on health care providers, and Section VII provides data on immunizations that CHDP eligible children and youth receive. Section VIII concerns data on other tests given to CHDP participants. In Sections IX through XI, the data are arrayed by county.
