

Drug Medi-Cal Organized Delivery System Waiver Update

The Department of Health Care Services (DHCS) is seeking an 1115 Demonstration Waiver for the Substance Use Disorder Drug Medi-Cal (DMC) Program. The overall purpose of the Waiver is to create a model that will provide an Organized Delivery System of Substance Use Disorder (SUD) services. This Waiver will be an amendment to California's existing section 1115 Bridge to Reform Waiver.

In mid-July, DHCS publicly released draft Standard Terms and Conditions (STCs). A meeting was held on July 30, 2014, to receive input from stakeholders. Meeting agendas, handouts and the draft STC's are available at <http://www.dhcs.ca.gov/provgovpart/Pages/MH-SUD-UpcomingMeetings.aspx>. All stakeholders are encouraged to submit comments to: MHSUDStakeholderInput@dhcs.ca.gov

The final STCs are expected to be submitted in the next month.
