

**MEDI-CAL/MEDICARE DUAL ELIGIBILITY BY AGE
BY COUNTY
JANUARY AND JULY 2012**

Analytic Notes

Medi-Cal/Medicare dual eligible counts are reported only for January and July of each year.

Medi-Cal/Medicare Dual Eligibility

Dual Eligibility for Medi-Cal beneficiaries is determined by the Medicare enrollment status. Medi-Cal beneficiaries who are also enrolled in any one or combination of the following: Medicare Part A, Part B, or Part D, are considered dually eligible for both Medicare and Medi-Cal.

Data Source

Counts are based on data obtained from the MEDS Eligibility System, MMEF File. The universe of users of services reported in these tables is comprised of certified Medi-cal beneficiaries. Certified beneficiaries are those individuals enrolled in Medi-Cal without an unmet share of cost obligation. The reports do not include enrollment for recipients of FPACT family planning services or maternity care provided under presumptive eligibility.

All counts are as of January, 2013. Ideally, eligibility counts should reflect a 12-month reporting lag. This means that all enrollment information has been updated for at least 12 months following the actual month of enrollment in order to capture information for that month that may have been added or updated subsequent to that month. Under the Medi-Cal program a beneficiary may receive up to three months of eligibility prior to the month of application or reapplication if an individual is otherwise eligible during the retroactive period (42 C.F.R. § 435.914(a), California Welfare & Institutions Code § 14019, Cal. Code Regs. tit. 22, § 50197, Retroactive Eligibility). The effect of this delayed reporting is a significant growth in eligibility counts after a given month of eligibility. Enrollment counts reported here for January have a 12 month lag and the data for July have a six month lag. Therefore, the counts for July are not considered complete and should be used with caution. When the data become available July will be updated to a 12 month lag.

Data in tables have been aggregated to comply with the California Welfare and Institutions Code, section 14100.2, and the HIPAA Privacy Rule, 45 CFR, Parts 160 and 164, which are designed to safeguard Protected Health Information and Personal Confidential Information.
