EWC Activities for the Third Quarter of FY 2015-16

Assembly Bill 49 (Buchanan, Chapter 351, Statutes of 2014) allows EWC to work with the founders, Department of Motor Vehicles (DMV), and California Highway Patrol to bring the Pink Ribbon License Plate to California. EWC must have a minimum of 7,500 pre-paid orders within a 12-month period before California DMV will manufacture the Pink Ribbon License Plate.

As of May 13, 2016, EWC has received 2,302 pre-paid license plate orders. Once the DMV begins to manufacture the California Pink Ribbon License Plate, revenue generated by license plate sales will go into the Breast Cancer Control Account (BCCA). The BCCA will continue to support breast cancer awareness and breast cancer early detection efforts that includes outreach, education, screening, diagnostic services, and treatment referral for California women.
