MMCD All Plan Letter 10-007

TO: ALL MEDICAL MANAGED CARE HEALTH PLANS

SUBJECT: 2010-11 RATES FOR EMERGENCY INPATIENT SERVICES PROVIDED  
BY OUT-OF-NETWORK ACUTE CARE HOSPITALS

This All Plan Letter (APL) provides Med-Cal managed care health plans with rates for emergency inpatient services provided to Plan enrollees during the 2010-11 rate period by acute care hospitals that are not part of the health plan's provider network. This APL replaces the rates published in APL 09-012.

For purposes of this letter, the term "out-of-network" means an acute care hospital — including hospitals that contract with the Department of Health Care Services (DHCS) under the Selective Provider Contracting Program (SPCP)—that does not have in effect a contract with a Med-Cal managed care health plan for inpatient services. In this APL, out-of-network is used instead of "non-contracted" to avoid confusion with the term's use for non-SPCP hospitals.

The rates published below result from the unweighted average of per-diem rates paid to SPCP-contracted hospitals within each of the three regions identified by the California Medical Assistance Commission (CMAC). These rates have been trended forward based on annual increases in the regional average SPCP contract rates, as published in the CMAC Annual Report to the State Legislature. SPCP rates for individual hospitals are confidential for four years; health plans and their subcontractors are prohibited from compelling hospitals to disclose their SPCP rates.

Separate rates are calculated for tertiary and non-tertiary hospitals. A "tertiary" hospital is a Children's Hospital or a hospital that has been designated as a Level I or Level III trauma center by the Emergency Medical Services Authority. A list of tertiary and non-tertiary hospitals is included in the CMAC Annual Report to the State Legislature, available at <http://www.cmac.ca.gov/annual.asp>.
