EXPIRES: Approval and Release of Fiscal Year 1997-98 Rates

REFERENCE: Amends DMH Information Notice No. 96-14

The Fiscal Year 1996-97 Medi-Cal facility reimbursement rates have been increased for some Long-Term providers by the Department of Health Services (DHS). These rates reflect an increase in Federal and State minimum wage levels and are effective February 1, 1997.

The specific per diem rates for Freestanding Nursing Facilities are as follows. The bold print reflects the increases in reimbursement rates.

<u>NO. OF BEDS</u>	<u>AREA</u>	<u>RATES</u>
1-59	Los Angeles	76.14
1-59	Bay Area *	85.11
59	All Others	81.87

The Special Treatment Program (STP) patch continues at \$5.72 per client per day. Please note that the facility rates listed above do not include the STP patch. The Leave of Absence bed hold rate for acute hospitals is \$4.25.

Pursuant to Welfare and Institutions Code, Section 5902(e), as long as county contracts with Institutions for Mental Disease (IMD) facilities require that they retain SNF licensure and certification, they shall be reimbursed for basic services at the rate established by DHS, plus the rate established for STPs.
