

California Child Health and Disability Prevention (CHDP) Program FACILITY REVIEW SCORING SUMMARY SHEET

Review date	Provider name	Provider address (number, street)	City	
<p>INSTRUCTIONS: Transfer point totals from the CHDP Facility Review Tool (DHCS 4493) for each Survey Criteria Section. Mark each Critical Element (CE) as pass, fail, or conditional. Add up <i>point totals</i>. Then follow the instructions for scoring on the Facility Review Tool.</p> <p><i>Modified facility reviews of enrolled Providers may be conducted at the discretion of the local CHDP Program when there is a copy or summary of passing scores and conclusions from a site review conducted within the preceding 12 months by the Medi-Cal managed care plan.</i></p> <p>A modified facility review is a review of the five CEs and all of the criteria within the CE in the CHDP Facility Review Tool (DHCS 4493). This scoring summary shows these as shaded entries. Use the face page and the pages of the Facility Review Tool with the CEs to complete the modified review.</p>
