DIVISION OF MEDICAID & CHILDREN'S HEALTH OPERATIONS

Toby Douglas, Director California Department of Health Care Services P.O. Box 997413, MS 0000 Sacramento, CA 95899-7413

MAR 2 8 2014

Dear Mr. Douglas:

Enclosed for your records is an approved copy of California's Alternative Benefit Plan (ABP) State Plan Amendment (SPA) CA-13-035. This ABP, which was submitted on December 30, 2013, meets all federal statutory and regulatory requirements for establishing an ABP.

All requirements pertaining to ABPs must be met, including -- but not limited to -- benefits, payment rates, reimbursement methodologies, cost-sharing state plan pages, and managed care service delivery systems (i.e., SPAs and managed care contracts). Future amendments to California's approved Medicaid program that are made by SPAs, waivers or managed care contracts may require corresponding amendments to the ABP if the change to the benefit in the approved State plan will be mirrored in the ABP.

This ABP SPA is approved effective January 1, 2014. Attached are copies of the following pages to be incorporated into your State Plan:

• Attachment 3.1-L:

- o ABP 1, page 1
- o ABP 2a, page 1
- o ABP 3, pages 1-2
- o ABP 4, page 1
- o ABP 5, pages 1-42
- o ABP 7, pages 1-2
- o ABP 8, pages 1-4
- o ABP 9, pages 1
- o ABP 10, page 1
- o ABP 11, page 1

OMB Expiration date: 10/31/2014

Voluntary Benefit Package Selection Assurances - Eligibility Group under Section 1902(a)(10)(A) ABP2a

The state/territory has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements. Therefore the state/territory is deemed to have met the requirements for voluntary choice of benefit package for individuals exempt from mandatory participation in a section 1937 Alternative Benefit Plan.

Yes

Explain how the state has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements.

In accordance with CMS instruction and technical assistance, California has fully aligned its benefits in the ABP to reflect the State Plan, using the Blue Cross/Blue Shield FEHBP to define the EHBs. To the extent services are considered Long Term Services and Supports (LTSS), these services are only available under the ABP to individuals who meet the medically frail criteria. The criterion governing the availability of these State Plan services aligns with or is at least as stringent as the medically frail criteria. As such, those ABP recipients who qualify for State Plan LTSS services based on medical necessity will be considered medically frail and will not be subject to a separate determination beyond the applicable, service-specific needs assessment.

PRA Disclosure Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148. 1915(k) State Plan. Effective on July 1, 2013, an individual is eligible for CFCO services when, (1) he or she is in an eligibility group under the State Plan that includes nursing facility services or has an income that is at or below 150 percent of the Federal Poverty Level, and in addition, (2) it is determined that in the absence of home and community-based attendant services and supports, he or she would otherwise require a Medicaid-covered level of care furnished in a hospital, a nursing facility, an intermediate care facility for the mentally retarded, an institution providing psychiatric services (for individuals under age 21), or an institution for mental diseases (for individuals age 65 and over). The individual is unable to perform some activity of daily living independently and without access to this service would be at risk of placement in out-of-home care. Services include assistance with Activities of Daily Living; and acquisition, maintenance and enhancement of skills necessary for the individual to accomplish activities of daily living and health related tasks. The California Department of Social Services will complete authorization by annual review or as needed when the individual's support needs or circumstances change, or at the request of the individual or the individual's representative. EPSDT beneficiaries may receive additional services for medical necessity.

1915(i) State Plan. Must have developmental disability and need habilitation services. Individual must have a condition that results in major impairment of cognitive and/or social functioning and is likely to retain new skills through habilitation. Services include habilitation – community living arrangement services, supported living services, day services, behavioral intervention services, respite care, supported employment, prevocational services, homemaker services, home health aide services, community based adult services; personal emergency response systems; and vehicle modification and adaptation services. A developmental disability is a condition that originated before the age of 18, expected to continue indefinitely and constitute a substantial disability for the individual. It includes mental retardation, cerebral palsy, autism and any other disabling conditions similar to mental retardation, but not handicapping conditions solely physical in nature.

| | OMB Control Number: 0938-1148 |
|----------|--|
| At | tachment 3.1-L- OMB Expiration date: 10/31/2014 |
| Be | nefits Assurances ABP7 |
| EP | SDT Assurances |
| | he target population includes persons under 21, please complete the following assurances regarding EPSDT. Otherwise, skip to the scription Drug Coverage Assurances below. |
| The | e alternative benefit plan includes beneficiaries under 21 years of age. |
| ✓ | The state/territory assures that the notice to an individual includes a description of the method for ensuring access to EPSDT services (42 CFR 440.345). |
| √ | The state/territory assures EPSDT services will be provided to individuals under 21 years of age who are covered under the state/territory plan under section 1902(a)(10)(A) of the Act. |
| | Indicate whether EPSDT services will be provided only through an Alternative Benefit Plan or whether the state/territory will provide additional benefits to ensure EPSDT services: |
| | Through an Alternative Benefit Plan. |
| | C Through an Alternative Benefit Plan with additional benefits to ensure EPSDT services as defined in 1905(r). |
| Ot | ther Information regarding how ESPDT benefits will be provided to participants under 21 years of age (optional): |
| Pr | escription Drug Coverage Assurances |
| √ | The state/territory assures that it meets the minimum requirements for prescription drug coverage in section 1937 of the Act and implementing regulations at 42 CFR 440.347. Coverage is at least the greater of one drug in each United States Pharmacopeia (USP) category and class or the same number of prescription drugs in each category and class as the base benchmark. |
| √ | The state/territory assures that procedures are in place to allow a beneficiary to request and gain access to clinically appropriate prescription drugs when not covered. |
| V | The state/territory assures that when it pays for outpatient prescription drugs covered under an Alternative Benefit Plan, it meets the requirements of section 1927 of the Act and implementing regulations at 42 CFR 440.345, except for those requirements that are directly contrary to amount, duration and scope of coverage permitted under section 1937 of the Act. |
| Y | The state/territory assures that when conducting prior authorization of prescription drugs under an Alternative Benefit Plan, it complies with prior authorization program requirements in section 1927(d)(5) of the Act. |
| Ot | her Benefit Assurances |
| V | The state/territory assures that substituted benefits are actuarially equivalent to the benefits they replaced from the base benchmark plan, and that the state/territory has actuarial certification for substituted benefits available for CMS inspection if requested by CMS. |
| √ | The state/territory assures that individuals will have access to services in Rural Health Clinics (RHC) and Federally Qualified Health Centers (FQHC) as defined in subparagraphs (B) and (C) of section 1905(a)(2) of the Social Security Act. |
| √ | The state/territory assures that payment for RHC and FQHC services is made in accordance with the requirements of section 1902(bb) of the Social Security Act. |

Approval Date: 3/28/2014 Effective Date: 1/01/2014 Page 1 of 2

| I ✓ | The state/territory assures that it will comply with the requirement of section 1937(b)(5) of the Act by providing, effective January 1, 2014, to all Alternative Benefit Plan participants at least Essential Health Benefits as described in section 1302(b) of the Patient Protection and Affordable Care Act. |
|------------|---|
| 7 | The state/territory assures that it will comply with the mental health and substance use disorder parity requirements of section 1937(b)(6) of the Act by ensuring that the financial requirements and treatment limitations applicable to mental health or substance use disorder benefits comply with the requirements of section 2705(a) of the Public Health Service Act in the same manner as such requirements apply to a group health plan. |
| V | The state/territory assures that it will comply with section 1937(b)(7) of the Act by ensuring that benefits provided to Alternative Benefit Plan participants include, for any individual described in section 1905(a)(4)(C), medical assistance for family planning services and supplies in accordance with such section. |
| √ | The state/territory assures transportation (emergency and non-emergency) for individuals enrolled in an Alternative Benefit Plan in accordance with 42 CFR 431.53. |
| V | The state/territory assures, in accordance with 45 CFR 156.115(a)(4) and 45 CFR 147.130, that it will provide as Essential Health Benefits a broad range of preventive services including: "A" and "B" services recommended by the United States Preventive Services Task Force; Advisory Committee for Immunization Practices (ACIP) recommended vaccines; preventive care and screening for infants, children and adults recommended by HRSA's Bright Futures program/project; and additional preventive services for women recommended by the Institute of Medicine (IOM). |

Attachment 3.1-L-OMB Expiration date: 10/31/2014 Service Delivery Systems ABP8 Provide detail on the type of delivery system(s) the state/territory will use for the Alternative Benefit Plan's benchmark benefit package or benchmark-equivalent benefit package, including any variation by the participants' geographic area. Type of service delivery system(s) the state/territory will use for this Alternative Benefit Plan(s). Select one or more service delivery systems: Managed care. Managed Care Organizations (MCO). Prepaid Inpatient Health Plans (PIHP). Prepaid Ambulatory Health Plans (PAHP). Primary Care Case Management (PCCM). Fee-for-service. Other service delivery system. Managed Care Options Managed Care Assurance The state/territory certifies that it will comply with all applicable Medicaid laws and regulations, including but not limited to sections 1903(m), 1905(t), and 1932 of the Act and 42 CFR Part 438, in providing managed care services through this Alternative Benefit Plan. This includes the requirement for CMS approval of contracts and rates pursuant to 42 CFR 438.6. Managed Care Implementation Please describe the implementation plan for the Alternative Benefit Plan under managed care including member, stakeholder, and provider outreach efforts. CA has actively engaged in numerous activities to ensure successful expansion of Medicaid coverage to newly eligible adults. CA is expecting that approximately 600,000 eligible beneficiaries will be covered on January 1, 2014 with a projected take up between 30,000-45,000 a month over the course of the first year. CA has 35 health plan contract amendments and has worked closely with the Region 9 team to ensure all 35 contracts are executed prior to January 1, 2014. To ensure network adequacy, CA assessed health plan capacity based on the provider ratios, such as PCPs (1:2000) and Physicians (1:1200) as well as measures of time and distance to Hospitals and PCPs (10 miles or 30 minutes). Additionally, CA took into account the Primary Care Physicians who are accepting new patients. The majority of the newly eligible adults will be enrolled in Medi-Cal managed care through the administrative eligibility transition of the current Low Income Health Program (LIHP) population. LIHP is a county-based, optional health care services program under the California "Bridge to Reform" §1115 Medicaid Demonstration. To meet expansion goals, DHCS in collaboration with stakeholders implemented a LIHP Transition Plan to ensure a seamless transition of LIHP enrollees to the Medi-Cal Program. CA monitors network capacity and access issues on a quarterly basis. Additionally, CA monitors access to care through an Ombudsman's office for Managed Care enrollees and a compliance call center through its Licensing department. CA will determine trends or daily activities to work with health plans to address issues or concerns of access to care. As a result of extensive preparation, CA remains in good standing to implement effective January 1, 2014. MCO: Managed Care Organization The managed care delivery system is the same as an already approved managed care program. Yes

All Medi-Cal beneficiaries are enrolled in the SMHS waiver and have access to the services provided through the waiver if they meet the medical necessity criteria. During the eighth waiver renewal SMHS will be provided to the newly eligible adult beneficiaries by the county MHPs. CMS approved a waiver amendment request to include this population on December 26, 2013.

The PIHPs are not at risk for FFP for the cost of services. The SMHS Consolidation waiver program is administered locally by each county's MHP and each county's MHP provides, or arranges for, specialty mental health services for Medi-Cal beneficiaries. MHPs are not paid on a capitated basis; instead, MHPs are paid on a fee-for-service basis.

Beneficiaries are automatically enrolled in the single MHP in their county. The State continues to contractually require MHPs to ensure the availability and accessibility of adequate numbers of institutional facilities, service locations, service sites, and professional, allied and supportive personnel to provide medically necessary services, and ensure the authorization of services for urgent conditions on a one-hour basis.

Beneficiaries are provided with a choice of providers within the MHP and an opportunity to change providers whenever feasible. Although the regulation allows MHPs to limit the beneficiary's choice to two (2) providers, the beneficiary may request an additional change if not satisfied; the opportunity for choice may be limited by feasibility. In most cases, feasibility is linked to the number of providers in the MHP's network.

Access continues to be assured and monitored through state regulations, and the MHP contract, the State's review and approval of any amendments to the MHPs implementation plans for the program on-going contract management by the State; and formal triennial reviews of the MHPs conducted by State staff, and annual External Quality Reviews conducted by the contracted External Quality Review Organization.

Additional Information: PIHP (Optional)

Provide any additional details regarding this service delivery system (optional):

Fee-For-Service Options

Indicate whether the state/territory offers traditional fee-for-service and/or services managed under an administrative services organization:

Traditional state-managed fee-for-service

Services managed under an administrative services organization (ASO) arrangement

Please describe this fee-for-service delivery system, including any bundled payment arrangements, pay for performance, fee-for-service care management models/non-risk, contractual incentives as well as the population served via this delivery system.

A significant proportion of total Medi-Cal expenditures are generated through the FFS health care delivery system. FFS providers render services and then submit claims for payment that are adjudicated, processed and paid (or denied) by the Medi-Cal program's fiscal intermediary. Generally, Medi-Cal outpatient FFS rates are set at no more than 80% of the California Specific Medicare Rate. The CA-MMIS system reimburses at no more than the maximum allowable rate that is on file in the system. Further, as a result of the Managed Care expansion in California, all 58 counties now participate in a Managed Care system, which prior to the expansion served approximately 74% of the total Medi-Cal population or about 6.0M Medi-Cal beneficiaries in 30 counties. Specified services are carved out of the Managed Care Plans and only reimbursed via FFS, such as county based Specialty Mental Health Services (1015 (b) projects) and Substance Lie Dicardor Services which are reimbursed on a cost based for far carvies had

Health Services (1915 (b) waiver) and Substance Use Disorder Services, which are reimbursed on a cost-based fee-for-service basis, based on certified public expenditures.

Additional Information: Fee-For-Service (Optional)

Provide any additional details regarding this service delivery system (optional):

Employer Sponsored Insurance and Payment of Premiums

ABP9

The state/territory provides the Alternative Benefit Plan through the payment of employer sponsored insurance for participants with such coverage, with additional benefits and services provided through a Benchmark or Benchmark-Equivalent Benefit Package.

No

The state/territory otherwise provides for payment of premiums.

Yes

Provide a description including the population covered, the amount of premium assistance by population, required contributions, cost-effectiveness test requirements, and benefits information.

The Medicaid agency pays insurance premiums for medical or any other type of remedial care to maintain a third party resource for Medicaid covered services provided to eligible individuals. The requirements for Requirements for Health Insurance Premium Payment (HIPP) Program / Cost Avoidance: Full scope or fee-for-service Medi-Cal; a high cost medical condition that requires ongoing treatment from a medical provider; current health insurance coverage (or access to health coverage through an employer at the time of application) — policy must cover the health condition.

Other Information Regarding Employer Sponsored Insurance or Payment of Premiums:

The state assures that ESI coverage is established in sections 3.2 and 4.22(c) of the state's approved Medicaid state plan. The beneficiary will receive a benefit package that includes a wrap of benefits around the employer sponsored insurance plan that equals the benefit package to which the beneficiary is entitled. The beneficiary will not be responsible for payment of premiums or other cost sharing that exceeds nominal levels as established at 42 CFR part 447 subpart A."
