3. The State deems as eligible those individuals who became otherwise ineligible for Medicaid while enrolled in an HMO qualified under Title XIII of the Public Health Service Act, or a managed care organization (MCO), or a primary care case management (PCCM) program, but who have been enrolled in the entity for less than the minimum enrollment period listed below. Coverage under this section is limited to MCO or PCCM services and family planning services described in section 1905(a)(4)(C) of the Act.

The State elects not to guarantee eligibility.

The State elects to guarantee eligibility. The minimum enrollment period is months (not to exceed six).

The State measures the minimum enrollment period from:

- The date beginning the period of enrollment in the MCO or PCCM, without any intervening disenrollment, regardless of Medicaid eligibility.
- The date beginning the period of enrollment in the MCO or PCCM as a Medicaid patient (including periods when payment is made under this section), without any intervening disenrollment.
- The date beginning the last period of enrollment in the MCO or PCCM as a Medicaid patient (not including periods when payment is made under this section) without any intervening disenrollment or periods of enrollment as a privately paying patient. (A new minimum enrollment period begins each time the individual becomes Medicaid eligible other than under this section).

The Medicaid Agency may elect to restrict the disenrollment of Medicaid enrollees of MCOs, PIHPs, PAHPs, and PCCMs in accordance with the regulations at 42 CFR 438.56. Disenrollment rights are restricted for a period of _____ months (not to exceed 12 months).

During the first three months of each enrollment period the recipient may disenroll without cause. The State will provide notification, at least once per year, to recipients enrolled with such organization of their right to and restrictions of terminating such enrollment.

In determining eligibility for this group, the State considers only the income of the applicant or recipient.

In determining eligibility for this group, the State will exclude parental income, consistent with the methodology the State uses for pregnant women as specified on page 4 of Supplement 8a to Attachment 2.6 of the State Plan.

California exercises the option to define this group as individuals who would have been eligible for family planning benefits pursuant to the standards and processes imposed by the State on January 1, 2007 under a waiver granted pursuant to Section 1115.

The period of eligibility begins on the day the client is enrolled at the point-of-service, and such eligibility is to be recertified annually.

Retroactive eligibility is available for qualifying beneficiaries for up to 3 months prior to the first day of the month of application to the Family PACT program.
