SECTION 1. REQUEST FOR OFFER INFORMATION

I. Background and Purpose of the RFO for Services

The California Department of Health Care Services (DHCS) is requesting offers from qualified CMAS contractors to provide IT consulting services in support of expanding the department's capability to receive provider information from contracted organizations. Contractor staff will provide subject matter expertise and systems analysis in the usage of the X12 274 transaction, and will work closely with project management and technical staff of DHCS' Office of HIPAA Compliance (OHC) to perform systems analysis, transaction mapping in support of the managed care operations.

DHCS' OHC is responsible for the intake of provider network information from contracted managed care plans using the X12 274 transaction. OHC provides oversight, coordination, resource procurement, project management support, and monitoring and control for the operation of the Post-Adjudicated Claims and Encounter System (PACES) which performs this intake function, through a centralized project management approach.

In the State of California there are over 10 million Medi-Cal beneficiaries enrolled in 174 managed care plans, with annual payments approaching \$50 billion. The PACES implementation receives and validates managed care encounters from each of the contracted plans, and also receives provider network data from the majority of the medical managed care organizations.

The X12 274 (V4050) was implemented in 2017 and provides detailed information on the providers in each of the medical managed care plans provider networks. This information is vital to DHCS efforts to monitor network adequacy.

DHCS has set a goal of improving Medicaid Information Technology Architecture (MITA) maturity. One of the areas in which advancements can be attained is in Provider Management, where DHCS wants to investigate the leverage of the recent successes in 274 implementation and apply this transaction usage to other provider management functions in the department.

Further detailed information is available in Section 3: Statement of Work.

The period of performance for this agreement shall be from the day the Purchase Order is received via facsimile (estimated to be on or about 05/01/18) and continue for 12 months, unless extended by an amendment. SECTION 2. OFFER SELECTION INFORMATION

I. REVIEW OF OFFERS FOR AWARD/SELECTION CRITERIA

Timely responses to this RFO will first be reviewed for responsiveness to the requirements of the SOW. If a response is missing required information, it may be deemed not responsive. Further review or collection of missing information or data is subject to the discretion of DHCS.

Award of a contract resulting from this RFO against the contractor's DGS contract will be based on a best value method that includes cost as a substantial factor in the selection process.

Each offer for services will be reviewed and scored on the following criteria¹:

- Degree or extent to which RFO requirements are met
- Proposed staff experience (assessment of their qualifications and experience)
- Proposed approach, methodology, and description of tasks/activities
- Proposed cost

Issuance of this RFO in no way constitutes a commitment by the State of California to award an Agreement. The State reserves the right to reject any or all responses received if the State determines that it is in the State's best interest to do so. The State may reject any response that is conditional or incomplete. Assumptions made by the Vendor in responding to this RFO do not obligate the State in any way. Additionally, assumptions may make the response conditional and cause the response to be rejected.

The scoring criteria is displayed below:

¹ When assigning points, responses will be reviewed for the degree to which a response lacks information, depth or breadth, or lacks significant facts and/or details, and/or contains weaknesses, defects or deficiencies, and/or fails to illustrate a full understanding of DHCS' service needs, and/or demonstrates the capacity to exceed regular service needs.

Criteria	Percentage	Points
Response Content	Pass/Fail	N/A
Qualification - Mandatory	Pass/Fail	N/A
<i>Quality, relevance and amount of experience of proposed staff on comparable projects, as demonstrated on resumes, references, and Attachment A (Qualifications – Desirable)</i>	40%	80
<i>Understanding of work products requirements as demonstrated by reported experience, education, training, and vendor's offer. If interviews are held, they will account for 20 of the 40 points.</i>	20%	40
Cost Score	40%	80
Totals	100%	200

BIDDER’S COST SCORE DETERMINATION

During Cost Evaluation, the Evaluation Team will screen the Cost Bid based on the hourly rate identified by the bidder. The hourly rate will be compared to the other bids based on the formula outlined below. The formula will break the hourly rate into points that will consist of forty percent (40%) toward the total points allocated for the bid analysis. Once the Evaluation Team has evaluated the Bid and verified that the proposed candidate meets all mandatory requirements, the Evaluation Team will evaluate the Hourly Rate and determine the bidder’s Cost Score. The bidder with the lowest hourly rate will receive the maximum of 80 cost points available. All other bidders will be awarded a Cost Score calculated using the equation below:

$$\frac{\text{Lowest Hourly Rate} \times 80}{\text{Bidder Hourly Rate}} = \text{Points Awarded}$$

If more than one (1) candidate is identified in the bid then the highest hourly rate will be used. If however the total hours proposed for each candidate is identified an average cost will be calculated and applied. Note: all three (3) candidates in the example below would be required to meet the same MQ’s outlined in the Statement of Work and supply the required number of professional references.

Sample Cost Score Evaluation

BIDDER	BIDDER'S COST BID	CALCULATION	POINTS AWARDED
A	\$150	$(\$135 \times 80) / \150	72
B	\$135	$(\$135 \times 80) / \135	80
C	\$180	$(\$135 \times 80) / \180	60

BIDDERS' TOTAL BID SCORE BEFORE PREFERENCES DETERMINATION

The highest scoring bid will be the responsible, responsive bid that has the highest combined score up to the 100 maximum possible points. See Sample Point Summary table:

An example of the “best value” calculation is below:

	Bidder A	Bidder B	Bidder C
Criteria 1 (Qualifications & Experience/Review of Resume)	30	35	30
Criteria 2 (Understanding of work products requirements)	20	25	15
Total Points	50	60	45
Proposed Cost Points	72	80	60
Grand Total	122	140	105

In this example, the award goes to Bidder B as the response that scored the highest points from amongst the Criteria as shown in the RFO, combined with the calculated Cost points.

II. INTERVIEWS

DHCS may schedule interviews with the highest rated contractors based on the submitted offers. Key staff identified by the contractor must participate in the interview. The selection team does not wish to receive a presentation on corporate/firm qualifications. The selection team expects proposed staff to describe their understanding of the job and their approach to performing the work. The proposed staff in attendance will be asked a predetermined set of

questions to assess their experience and knowledge as described in their resumes.

Contractor shall submit to the DHCS Program Contract Manager a list of equipment specifications for those items that DHCS must procure. DHCS may pay the vendor directly for such arranged equipment purchases and title to the equipment will remain with DHCS. The equipment will be delivered to the Contractor's address, as stated on the face of the Agreement, unless the Contractor notifies the DHCS Program Contract Manager, in writing, of an alternate delivery address.

- c. Unless waived or otherwise stipulated in writing by DHCS, prior written authorization from the appropriate DHCS Program Contract Manager will be required before the Contractor will be reimbursed for any purchase of \$5,000 or more for commodities, supplies, equipment, and services related to such purchases. The Contractor must provide in its request for authorization all particulars necessary, as specified by DHCS, for evaluating the necessity or desirability of incurring such costs. The term "purchase" excludes the purchase of services from a subcontractor and public utility services at rates established for uniform applicability to the general public.
- d. In special circumstances, determined by DHCS (e.g., when DHCS has a need to monitor certain purchases, etc.), DHCS may require prior written authorization and/or the submission of paid vendor receipts for any purchase, regardless of dollar amount. DHCS reserves the right to either deny claims for reimbursement or to request repayment for any Contractor and/or subcontractor purchase that DHCS determines to be unnecessary in carrying out performance under this Agreement.
- e. The Contractor and/or subcontractor must maintain a copy or narrative description of the procurement system, guidelines, rules, or regulations that will be used to make purchases under this Agreement.  - b) The State's right to terminate this Contract under sub-section a) above, may be exercised only if the failure constitutes a material breach of this Contract and if the Contractor does not cure such failure within the time frame stated in the State's cure notice, which in no event will be less than fifteen (15) days, unless the Statement of Work calls for a different period.
 - c) If the State terminates this Contract in whole or in part pursuant to this Section, it may acquire, under terms and in the manner the Buyer considers appropriate, Deliverables or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those Deliverables and services, including without limitation costs third party vendors charge for Manufacturing Materials (but subject to the clause entitled "Limitation of Liability"). However, the Contractor shall continue the work not terminated.
 - d) If the Contract is terminated for default, the State may require the Contractor to transfer title, or in the case of licensed Software, license, and deliver to the State, as directed by the Buyer, any:
 - (i) completed Deliverables,
 - (ii) partially completed Deliverables, and,
 - (iii) subject to provisions of sub-section e) below, Manufacturing Materials related to the terminated portion of this Contract. Nothing in this sub-section d) will be construed to grant the State rights to Deliverables that it would not have received had this Contract been fully performed. Upon direction of the Buyer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.
 - e) The State shall pay Contract price for completed Deliverables delivered and accepted and items the State requires the Contractor to transfer under section (d) above. Unless the Statement of Work calls for different procedures or requires no-charge delivery of materials, the Contractor and Buyer shall attempt to agree on the amount of payment for Manufacturing Materials and other materials delivered and accepted by the State for the protection and preservation of the property; provided that where the Contractor has billed the State for any such materials, no additional charge will apply. Failure to agree will constitute a dispute under the Disputes clause. The State may withhold from these amounts any sum it determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

Examples of such causes include, but are not limited to:
- Acts of God or of the public enemy, and
 - Acts of the federal or State government in either its sovereign or contractual capacity.
- If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform.

- c) The State's liability for damages for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to the Purchase Price, as that term is defined in subsection a) above. Nothing herein shall be construed to waive or limit the State's sovereign immunity or any other immunity from suit provided by law.
- d) In no event will either the Contractor or the State be liable for consequential, incidental, indirect, special, or punitive damages, even if notification has been given as to the possibility of such damages, except (i) to the extent that the Contractor's liability for such damages is specifically set forth in the Statement of Work or (ii) to the extent that the Contractor's liability for such damages arises out of subsection b)(i), b)(ii), or b)(iv) above.

Such defense and payment will be conditional upon the following:
- The State will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
 - The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (i) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (ii) where a settlement would impose liability on the State, affect principles of California government or public law, or impact the authority of the State, the Department of General Services will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (iii) the State will reasonably cooperate in the defense and in any related settlement negotiations.

- a) Contractor will indemnify, defend, and save harmless the State, Federal Government, their officers, agents, and employees, from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses for infringement or violation of any U.S. Intellectual Property Right by any product or service provided hereunder. If the dispute persists, the Contractor shall submit to the contracting Department Director or designee a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to or involving this Contract. Contractor's written demand shall be fully supported by factual information, and if such demand involves a cost adjustment to the Contract, the Contractor shall include with the demand a written statement signed by an authorized person indicating that the demand is made in good faith, that the supporting data are accurate and complete and that the amount requested accurately reflects the Contract adjustment for which Contractor believes the State is liable. The contracting Department Director or designee shall have 30 days after receipt of Contractor's written demand invoking this Section "Disputes" to render a written decision. If a written decision is not rendered within 30 days after receipt of the Contractor's demand, it shall be deemed a decision adverse to the Contractor's contention. If the Contractor is not satisfied with the decision of the contracting Department Director or designee, the Contractor may appeal the decision, in writing, within 15 days of its issuance (or the expiration of the 30 day period in the event no decision is rendered by the contracting department), to the Department of General Services, Deputy Director, Procurement Division, who shall have 45 days to render a final decision. If the Contractor does not appeal the decision of the contracting Department Director or designee, the decision shall be conclusive and binding regarding the dispute and the Contractor shall be barred from commencing an action in court, or with the Victims Compensation Government Claims Board, for failure to exhaust Contractor's administrative remedies.
- b) Pending the final resolution of any dispute arising under, related to or involving this Contract, Contractor agrees to diligently proceed with the performance of this Contract, including the delivery of Goods or providing of services in accordance with the State's instructions regarding this Contract. Contractor's failure to diligently proceed in accordance with the State's instructions regarding this Contract shall be considered a material breach of this Contract.

- c) Any final decision of the State shall be expressly identified as such, shall be in writing, and shall be signed by the Deputy Director, Procurement Division if an appeal was made. If the Deputy Director, Procurement Division fails to render a final decision within 45 days after receipt of the Contractor's appeal for a final decision, it shall be deemed a final decision adverse to the Contractor's contentions. The State's final decision shall be conclusive and binding regarding the dispute unless the Contractor commences an action in a court of competent jurisdiction to contest such decision within 90 days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.
- d) For disputes involving purchases made by the Department of General Services, Procurement Division, the Contractor shall submit to the Department Director or designee a written demand for a final decision, which shall be fully supported in the manner described in subsection a above. The Department Director or designee shall have 30 days to render a final decision. If a final decision is not rendered within 30 days after receipt of the Contractor's demand, it shall be deemed a final decision adverse to the Contractor's contention. The final decision shall be conclusive and binding regarding the dispute unless the Contractor commences an action in a court of competent jurisdiction to contest such decision within 90 days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.
- e) The dates of decision and appeal in this section may be modified by mutual consent, as applicable, excepting the time to commence an action in a court of competent jurisdiction.

45. STOP WORK:

- a) The State may, at any time, by written Stop Work Order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this Contract for a period up to 45 days after the Stop Work Order is delivered to the Contractor, and for any further period to which the parties may agree. The Stop Work Order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work Order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work Order during the period of work stoppage. Within a period of 45 days after a Stop Work Order is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the State shall either:
 - (i) Cancel the Stop Work Order; or
 - (ii) Terminate the work covered by the Stop Work Order as provided for in the termination for default or the termination for convenience clause of this Contract.
- b) If a Stop Work Order issued under this clause is canceled or the period of the Stop Work Order or any extension thereof expires, the Contractor shall resume work. The State shall make an equitable adjustment in the delivery schedule, the Contract price, or both, and the Contract shall be modified, in writing, accordingly, if:
 - (i) The Stop Work Order results in an increase in the time required for, or in the Contractor's cost properly allocable to the performance of any part of this Contract; and
 - (ii) The Contractor asserts its right to an equitable adjustment within 60 days after the end of the period of work stoppage; provided, that if the State decides the facts justify the action, the State may receive and act upon a proposal submitted at any time before final payment under this Contract.
- c) If a Stop Work Order is not canceled and the work covered by the Stop Work Order is terminated in accordance with the provision entitled Termination for the Convenience of the State, the State shall allow reasonable costs resulting from the Stop Work Order in arriving at the termination settlement.

V. Audits, Inspection and Enforcement

- A.** From time to time, DHCS may inspect the facilities, systems, books and records of Business Associate to monitor compliance with this Agreement and this Addendum. Business Associate shall promptly remedy any violation of any provision of this Addendum and shall certify the same to the DHCS Privacy Officer in writing. The fact that DHCS inspects, or fails to inspect, or has the right to inspect, Business Associate's facilities, systems and procedures does not relieve Business Associate of its responsibility to comply with this Addendum, nor does DHCS':
1. Failure to detect or
 2. Detection, but failure to notify Business Associate or require Business Associate's remediation of any unsatisfactory practices constitute acceptance of such practice or a waiver of DHCS' enforcement rights under this Agreement and this Addendum.

- B. H. No Waiver of Obligations. No change, waiver or discharge of any liability or obligation hereunder on any one or more occasions shall be deemed a waiver of performance of any continuing or other obligation, or shall prohibit enforcement of any obligation, on any other occasion.
