AGENDA

September 10, 2009

10:00 a.m. – 12:00 p.m.

CALOMS TX USERS GROUP CONFERENCE CALL

Call in number: (877-536-5793)

Participant ID Code: 367471

- 10:00 a.m.– 10:05 a.m.
- **Introductions**
 - **Purpose and Goals of the User Group Regional Meetings**
 - **What's on the CalOMS Tx Horizon**
 - **NTP data clean-up**
 - **DCP TAAPS reconciliation**
 - **Updated Documents**
-

- 10:05 a.m.– 11: 55 a.m.
- **What are the "hot" CalOMS Tx issues/concerns in your county?**
Questions sent in for this meeting:
 1. On the CalOMS Error Submission & Detail Report, there are Errors related to Re-Submissions. Please explain what these errors are based on and if there are fields that are not considered to be duplicates.
 2. If a provider is contracted to only provide PSN (Parolee Services Network) services, and only sees one or two PSN clients per year, do they have to submit to CalOMS all of their clients throughout the year, or only the one or two PSN clients as they occur?
 3. On the CalOMS Reports & Menu Selections in ITWS, the provider number & name appear to be based on the Master Provider File Provider Number and Program Name fields. Since the Program Name may be the same for multiple Provider Numbers, would it be possible to append the DBA Name field to the Program Name when it is available? Having that additional information would provide more clarity when selecting a provider or viewing results within a report
 4. Our county will be working with our providers regarding the use of discharge status codes 1-8, and in the revised data collection guide (Aug. 2009), it states "the client is available to complete the discharge interview either in person as planned, or by contacting the client by telephone." I am confident that the counselors and their sups. will ask about billing for the discharge interview via telephone. Can you please provide feedback on this part of the discharge interview? Perhaps this is a Drug MediCal question only? Any help is appreciated.
