New Eligibility Criteria

SB 1755 [14525] (1 of 5)

Any adult eligible for benefits under Chapter 7 (commencing with Section 14400) shall be eligible for ADHC services if that person meets all of the following criteria:

- (a) The person is 18 years of age or older and has one or more chronic or postacute medical, cognitive, or mental health conditions, and a physician, nurse practitioner, or other health care provider has, within his or her scope of practice, requested ADHC services for the person

New Eligibility Criteria

SB 1755 [14525] (2 of 5)

Any adult eligible for benefits under Chapter 7 (commencing with Section 14400) shall be eligible for ADHC services if that person meets all of the following criteria:

- (b)...has functional impairments in two or more activities of daily living, instrumental activities of daily living, or one or more of each, and requires assistance or supervision in performing these activities.

New Eligibility Criteria

SB 1755 [14525] (3 of 5)

Any adult eligible for benefits under Chapter 7 (commencing with Section 14400) shall be eligible for ADHC services if that person meets all of the following criteria:

- (c) The person requires ongoing or intermittent protective supervision, skilled observation, assessment, or intervention by a skilled health or mental health professional to improve, stabilize, maintain, or minimize deterioration of the medical, cognitive, or mental health condition.

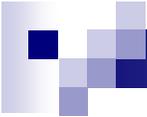

New Eligibility Criteria

SB 1755 [14525] (4 of 5)

Any adult eligible for benefits under Chapter 7 (commencing with Section 14400) shall be eligible for ADHC services if that person meets all of the following criteria:

- (d) The person requires ADHC services as defined in Section 14550, that are individualized and planned, including, when necessary, the coordination of formal and informal services outside of the ADHC program to support the individual and his or her family or caregiver in the living arrangement of his or her choice and to avoid or delay the use of institutional services...

New Eligibility Criteria

SB 1755 [14525] (5 of 5)

Any adult eligible for benefits under Chapter 7 (commencing with Section 14400) shall be eligible for ADHC services if that person meets all of the following criteria:

- (e) Notwithstanding the criteria...(a) to (d), inclusive, of this section, any person who is a resident of an ICF/DD-H shall be eligible for ADHC services if that resident has disabilities and a level of functioning that are of such a nature that, without supplemental intervention through ADHC, placement to a more costly institutional level of care would be likely to occur.

Authorization Under SB 1755 [14526.1]

- (a) Initial and subsequent TARs may be granted for up to six calendar months
- (b) TARs shall be initiated by the ADHC center and shall include all of the following:
 - (1) The signature page of the H&P form that shall serve to document the request for ADHC services. A complete H&P form*, including a request for ADHC services signed by the participant's personal health care provider, shall be maintained in the participant's health record
 - (2) The participant's Individualized Plan of Care (IPC) pursuant to CCR, Title 22, §54211

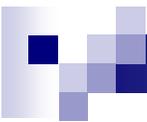

** See next slide for status of H&P form*

History and Physical form Implementation

Implementation of the *History and Physical* form will be delayed until after the February 1, 2008 implementation of the other provisions of SB 1755. More information will be available to providers at a later date.

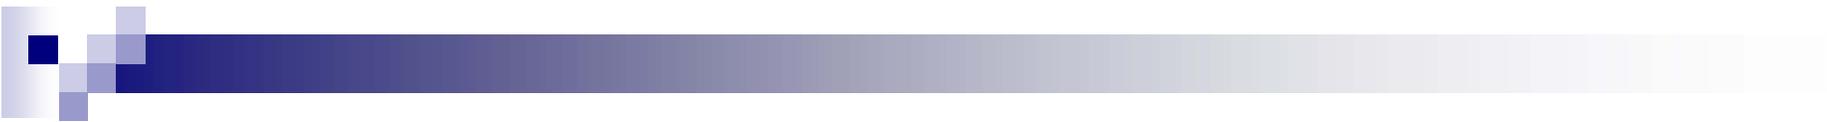

-adu tar ipc 1

Medical Necessity Criteria Under SB 1755 [14526.1 (d)] (1 of 5)

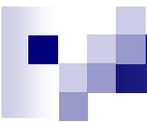

- (d) Authorization or reauthorization of an ADHC TAR shall be granted only if the participant meets all of the medical necessity criteria:
 - (1) The participant has one or more chronic or post acute medical, cognitive, or mental health conditions that are identified by the participant's *personal health care provider** as requiring one or more of the following, without which the participant's condition will likely deteriorate and require emergency department visits, hospitalization, or other institutionalization:
 - (A) Monitoring
 - (B) Treatment
 - (C) Intervention

*Definition on next slide

Definition [14522.3]

- *“Personal health care provider”: the participant’s personal physician, physician’s assistant, or nurse practitioner, operating within his or her scope of practice*

Medical Necessity Criteria Under SB 1755 [14526.1 (d)] (2 of 5)

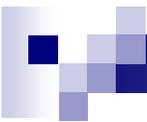

- (d) Authorization or reauthorization of an ADHC TAR shall be granted only if the participant meets all of the medical necessity criteria:
 - (2) The participant has a condition or conditions resulting in both of the following:
 - (A) Limitations in the performance of 2 or more ADLs* or IADLs* or one or more from each category
 - (B) A need for assistance or supervision in performing the activities identified in (A) as related to the condition or conditions specified in (d)(1). That assistance or supervision shall be in addition to any other non-ADHC support the participant is currently receiving in his or her place of residence.

*See next slide for definitions

Definitions [14522.3]

- *“Activities of daily living”*: activities performed by the participant for essential living purposes, including bathing, dressing, self-feeding, toileting, ambulation, and transferring
- *“Instrumental activities of daily living”*: functions or tasks of independent living, including hygiene, medication management, transportation, money management, shopping, meal preparation, laundry, accessing resources, and housework

Medical Necessity Criteria Under SB 1755 [14526.1 (d)] (3 of 5)

- (d) Authorization or reauthorization of an ADHC TAR shall be granted only if the participant meets all of the medical necessity criteria:
- (3) The participant's network of non-ADHC supports is insufficient to maintain the individual in the community, demonstrated by at least one of the following:
- (A) The participant lives alone and has no family or caregivers available to provide sufficient and necessary care or supervision.
 - (B) The participant resides with one or more related or unrelated individuals, but they are unwilling or unable to provide sufficient and necessary care or supervision to the participant.
 - (C) The participant has family or caregivers available, but those individuals require respite in order to continue providing sufficient and necessary care or supervision to the participant.

Medical Necessity Criteria Under SB 1755 [14526.1 (d)] (4 of 5)

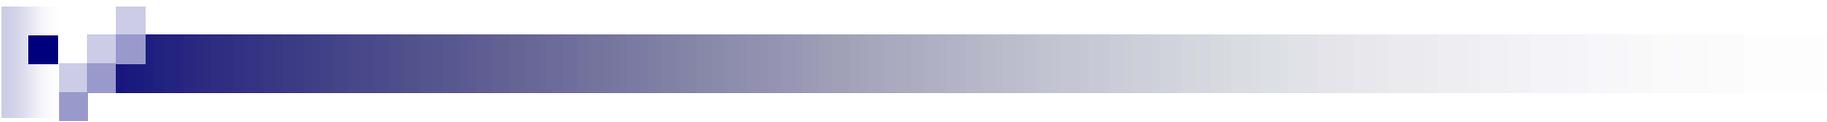

- (d) Authorization or reauthorization of an ADHC TAR shall be granted only if the participant meets all of the medical necessity criteria:
 - (4) A *high potential** exists for the deterioration of the participant's medical, cognitive, or mental health condition or conditions in a manner likely to result in emergency department visits, hospitalization, or other institutionalization if ADHC services are not provided.

*See next slide for description

Description of “High Potential”

- *“High potential” is described as the outcome having at least a 50 percent probability of occurring within the time frame covered by the applicable TAR for ADHC services.*

-Provider Manual, ‘adu tar ipc 33’

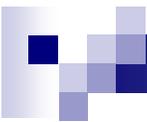

Medical Necessity Criteria Under SB 1755 [14526.1 (d)] (5 of 5)

- (d) Authorization or reauthorization of an ADHC TAR shall be granted only if the participant meets all of the medical necessity criteria:
- (5) The participant's condition or conditions require ADHC services specified in ...(a) to (d), inclusive, of Section 14550.5, on each day of attendance, that are individualized and designed to maintain the ability of the participant to remain in the community and avoid emergency department visits, hospitalizations, or other institutionalization.

Reauthorization Under SB 1755 [14526.1 (e)]

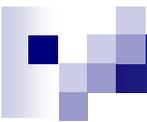

Reauthorization of an ADHC TAR shall be granted when the criteria specified in subdivision (d) have been met and the participant's condition would likely deteriorate if the ADHC services were denied.

SB 1755 on the Personal Health Care Provider (1 of 3)

[14528.1]

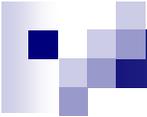

- (a) The personal health care provider... shall have and retain responsibility for the participant's care.*
- (b) If the participant does not have a personal health care provider during the initial assessment process to determine eligibility for ADHC, the ADHC center staff physician may conduct the initial H&P for the participant.*
- (c) The ADHC center shall make all reasonable efforts to assist the participant in establishing a relationship with a personal health care provider.*

SB 1755 on the Personal Health Care Provider (2 of 3)

[14528.1]

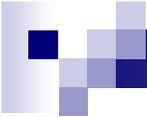

- (d) If the ADHC center is unable to locate a personal health care provider for the participant, or if the participant refuses to establish a relationship with a personal health care provider, the ADHC center shall do both of the following:*
- (1) Document the lack of a personal health care provider relationship in the participant's health record.*
 - (2) Continue to document all efforts taken to assist the participant in establishing a relationship with a personal health care provider.*

SB 1755 on the Personal Health Care Provider (3 of 3)

[14528.1]

- (e)(1) A personal physician for one or more of an ADHC center's enrolled participants may serve as the ADHC staff physician.*
- (2) When a personal physician serves as the staff physician, the physician shall have a personal care services arrangement with the ADHC center that meets the criteria set forth in ... (federal law).*
- (3) A personal care physician, an ADHC staff physician, or an immediate family member of the personal care physician or ADHC staff physician, shall comply with ownership interest restrictions as provided under ... (state law).*

Required ADHC Core Services

SB 1755 [14550.5]

ADHC centers shall offer, and provide directly on the premises, in accordance with the participant's IPC, ... the following core services to each participant during each day of the participant's attendance at the center.

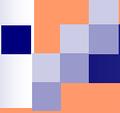

- (a) One or more of (five) professional nursing services*
- (b) One or both of the (specified) core personal care* services or social services
- (c) At least one of (two) therapeutic activities provided by the ADHC center activity coordinator or other trained ADHC center personnel*
- (d) One meal per day of attendance

*Additional detail given in slides on IPC

Additional ADHC Responsibility Every Six Months [14526.1 (c)]

Every six months, the ADHC center shall initiate a request for an updated H&P form from the participant's personal health care provider using a standard update form that shall be maintained in the participant's health record...

History and Physical form Implementation

Implementation of the *History and Physical* form will be delayed until after the February 1, 2008 implementation of the other provisions of SB 1755. More information will be available to providers at a later date.

-adu tar ipc 1

The New IPC

- Revised because SB 1755 changed the medical necessity criteria
- Medical necessity criteria from SB 1755 integrated into the form
- Clinical, functional, and psychosocial data gathered in logical relationships to the medical necessity criteria

Participants Must Meet 5 Medical Necessity Criteria

Criteria Verification

- **Yes/No/NA must be checked for all criteria.**
- **All boxes checked must be supported by appropriate documentation in the participant's health record.**
- **All information presented must be based on multidisciplinary team assessments completed at the center.**

Medical Necessity Criterion # 1

(5) MEDICAL NECESSITY CRITERION #1		
Criterion Met		The participant has <u>one or more chronic or post acute</u> medical, cognitive or mental health condition(s) identified by the participant's personal health care provider as requiring monitoring, treatment or intervention, without which the participant's condition(s) will likely deteriorate and require emergency department visits, hospitalization, or other institutionalization.
Yes <input type="checkbox"/>	No <input type="checkbox"/>	

Box #	Instructions for Completion
(5) Medical Necessity Criterion #1	<p>Check <i>Yes</i> or <i>No</i> to indicate whether the participant meets criterion #1.</p> <p>Note: If the participant does not meet this criterion, the TAR will be denied.</p>

(6) PARTICIPANTS WITH MENTAL ILLNESS

All participants with a primary or secondary diagnosis of mental illness, pursuant to the California Code of Regulations, title 9, section 1830.205, as an included diagnosis for County Mental Health shall be provided information regarding availability of referral unless the center believes that a referral is not appropriate or referral has occurred prior to this TAR period. The ADHC center shall refer those participants that give consent for such referral. Check all that apply:

- Excluded Diagnosis
- Referral Made
- Participant/Family Declined Referral
- Currently Being Served by County Mental Health
- Referral not Made (state reason):

Box #	Instructions for Completion
<p>(6) Participants with Mental Illness</p>	<p>This box is specific to the participant with one or more mental illness diagnoses pursuant to CCR, Title 9, Section 1830.205. The participant and/or family/caregiver must be informed of the availability of a referral to County Mental Health at the time of the initial TAR (unless another agency has made the referral) and at any time the participant is given a new mental illness diagnosis.</p> <p>a. Check the appropriate box(es) as they apply to the specific participant.</p> <p>b. If <i>Referral Not Made</i> is checked, please state reason why not.</p> <p><u>Note:</u> If this information is not completed, the TAR will be deferred.</p>

Box #	Instructions for Completion
<p>(6) Participants with Mental Illness (continued)</p>	<p>c. <u>“Included” mental health diagnoses</u></p> <p>Participants with one or more of the following diagnoses must be informed of the availability of a referral to County Mental Health:</p> <ul style="list-style-type: none"> • Pervasive developmental disorders, except autistic disorders • Disruptive behavior and attention deficit disorders • Feeding and eating disorders of infancy and early childhood • Elimination disorders • Other disorders of infancy, childhood or adolescence • Schizophrenia and other psychotic disorders • Mood disorders • Anxiety disorders • Somatoform disorders • Factitious disorders • Dissociative disorders • Paraphilias • Gender identity disorder • Eating disorders • Impulse control disorders not elsewhere classified • Adjustment disorders • Personality disorders, excluding antisocial personality disorder • Medication-induced movement disorders related to other included diagnoses
