

**CCS 1115 Technical Workgroup**  
**Outline of Meetings**

**First Session – February 9, 2010**

1. An examination and discussion of key policy questions:
  - a. Can some CCS eligible medical conditions be delivered within the context of a managed care plan?
  - b. What approaches to delivery of health care can be designed to effectively manage and coordinate all of the child's health care needs?
  - c. How can these approaches be implemented and tested?
2. Overview of the existing CCS health care delivery model.
3. An examination and identification of the health care delivery model that would be the most appropriate for the CCS population.

**Second Session – March 16, 2010**

1. Identification and discussion of CCS eligible population.
2. CCS excluded condition selection criteria development.
3. Discussion of potential excluded conditions.
4. Medical conditions that may be appropriate in a managed care environment.

**Third Session March 30, 2010**

1. Essential elements of a new health care delivery model.
2. Delivery system funding.
3. Discussion of unique constructs of the CCS program that must be considered in CCS redesign.
4. Implementation alternatives / issues under a new health care delivery system.

**Fourth Session April 12, 2010**

1. In depth discussion of funding and design of the delivery system
2. Discussion of additional CCS data analysis
3. Recommendations for moving forward
