Drug Medi-Cal Organized Delivery System

The Drug Medi-Cal Organized Delivery System (DMC-ODS) provides a continuum of care modeled after the American Society of Addiction Medicine Criteria for substance use disorder treatment services, enables more local control and accountability, provides greater administrative oversight, creates utilization controls to improve care and efficient use of resources, implements evidenced based practices in substance abuse treatment, and coordinates with other systems of care.

This approach provides the beneficiary with access to the care and system interaction needed in order to achieve sustainable recovery. DMC-ODS will demonstrate how organized substance use disorder care increases the success of DMC beneficiaries while decreasing other system health care costs.

DMC-ODS Website Main Page

DMC-ODS “Resources” Tab

The screenshot shows the California Department of Health Care Services website. The top navigation bar includes links for 'Contact Us', 'Career Opportunities', and 'Help'. The main navigation menu has categories: 'HOME', 'SERVICES', 'INDIVIDUALS', 'PROVIDERS & PARTNERS', 'FORMS, LAWS & PUBLICATIONS', and 'DATA & STATISTICS'. A search bar is located on the right. The breadcrumb trail reads 'Home > Providers & Partners > DMC-ODS'. The 'Resources' section is titled 'DMC-ODS Recovery System Resources' and contains several links: 'FAQs, Fact Sheets & INs', 'Special Terms & Conditions', 'Technical Assistance', 'Webinars', 'Beneficiary Access', and 'Resources for Counties'. A callout box with a black border and white background points to the 'FAQs, Fact Sheets & INs' link. The callout text reads: 'Fact Sheets: ASAM + DMC-ODS Program Overview', 'FAQs: Frequently Asked Questions', and 'Information Notices: INs relevant to DMC-ODS; 2015 through current'. The footer contains the site's navigation menu, the URL 'dhcs.ca.gov', and the DHCS logo.

DMC-ODS “Resources” Tab

The screenshot shows the DHCS website interface. At the top is the CA.GOV logo and the text 'CALIFORNIA DEPARTMENT OF Health Care Services'. Navigation links include 'HOME', 'SERVICES', 'INDIVIDUALS', 'PROVIDERS & PARTNERS', 'FORMS, LAWS & PUBLICATIONS', and 'DATA & STATISTICS'. A search bar and 'Select Language' dropdown are also present. The breadcrumb trail reads 'Home > Providers & Partners > Resources'. The main heading is 'Drug Medi-Cal Organized Delivery System Resources'. A callout box highlights 'Special Terms and Conditions: Also CMS approval letter, amendments, waiver authority, etc.' with an arrow pointing to the 'Special Terms & Conditions' button. Other buttons include 'Webinars', 'Beneficiary Access', 'Technical Assistance', and 'Resources for Counties'. The footer contains a navigation menu, the URL 'dhcs.ca.gov', and a heart logo.

DMC-ODS “Resources” Tab

The screenshot shows the DHCS website interface. At the top, there is a navigation bar with the CA.GOV logo, the text 'CALIFORNIA DEPARTMENT OF Health Care Services', and links for 'Contact Us', 'Career Opportunities', and 'Help'. A search bar is also present. Below the navigation bar, a breadcrumb trail reads 'Home > Providers & Partners > Resources'. A 'Select Language' dropdown menu is visible in the top right corner. The main content area features a large heading: 'Drug Medi-Cal Organized Delivery System Resources'. Below this heading, there are six interactive buttons arranged in two columns. The left column contains: 'FAQs, Fact Sheets & INs', 'Technical Assistance', and 'Webinars'. The right column contains: 'Webinars', 'Beneficiary Access', and 'Resources for Counties'. A callout box with a black border highlights the 'FAQs, Fact Sheets & INs' button, containing the text: 'Training: DMC-ODS Cost Report Training, Implementation chart, CIBHS contact info'. A white arrow points from this callout box down to the 'Technical Assistance' button.

Find medication-assisted treatment (MAT) webinars, workshops, publications, and research, as well as buprenorphine and opioid prescribing courses for physicians.

People who provide medication-assisted treatment (MAT) services work in a range of prevention, health care, and social service settings. They include psychiatrists, psychologists, pharmacists, nurses, social workers, counselors, marriage and family therapists, peer professionals, clergy, and many others.

Training a diverse and qualified behavioral health workforce is essential to meeting the nation's needs. SAMHSA's Division of Pharmacological Therapies provides the following training materials for MAT professionals:

Drug Medi-Cal Organized Delivery System Waiver Trainings

[YVONNE FRAZIER](#)
[REGISTRATION WEBSITE](#)

Under contract #15-92265 with the California Department of Health Care Services, CIBHS provides training to counties and providers implementing the Drug Medi-Cal Organized Delivery System (DMC-ODS) Waiver. In 2017, the primary emphasis will be in the following topic areas.

To view registration information, click on the topic area.

- [DMC-ODS Waiver Assessment of Modality Services](#)
- [American Society of Addiction Medicine \(ASAM\) Criteria](#)
- [Medication-Assisted Treatment \(MAT\)](#)
- [Continuum of Care](#)
- [Selective Contracting](#)
- [Quality Assurance Processes](#)

Training will be provided by UCLA ISAP and by CIBHS Staff and consultants. DHCS will entertain requests for supplemental training or technical assistance on related topics on a case by case basis.

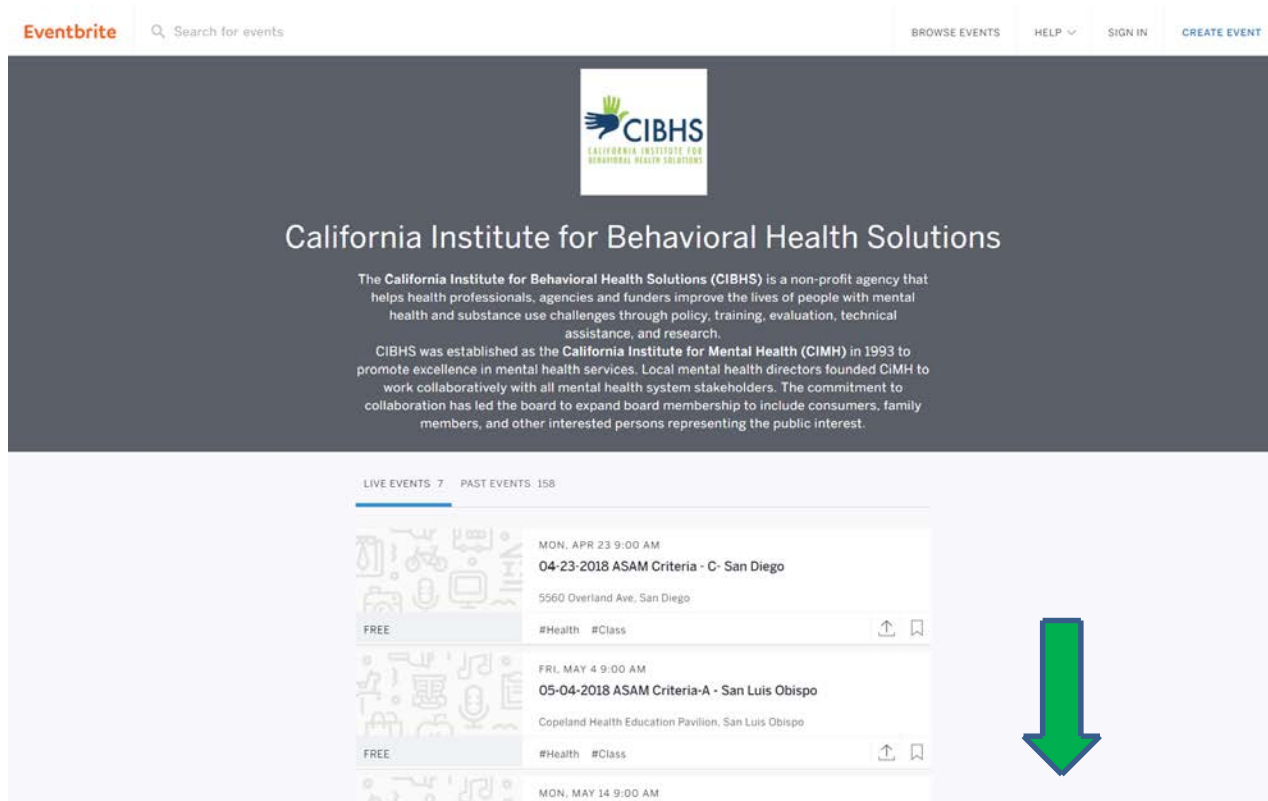

The DMC-ODS Waiver establishes the framework for a series of fundamental changes in the SUD treatment service delivery system in California. Counties and providers will be transitioning to a new set of business and clinical models, new regulatory requirements and new relationships within counties and with external entities. CIBHS is honored to be a partner with DHCS in helping to make the DMC-ODS Waiver a success for counties, providers, and patients.

CALIFORNIA INSTITUTE FOR BEHAVIORAL HEALTH SOLUTIONS

California Institute for Behavioral Health Solutions

The California Institute for Behavioral Health Solutions (CIBHS) is a non-profit agency that helps health professionals, agencies and funders improve the lives of people with mental health and substance use challenges through policy, training, evaluation, technical assistance, and research.

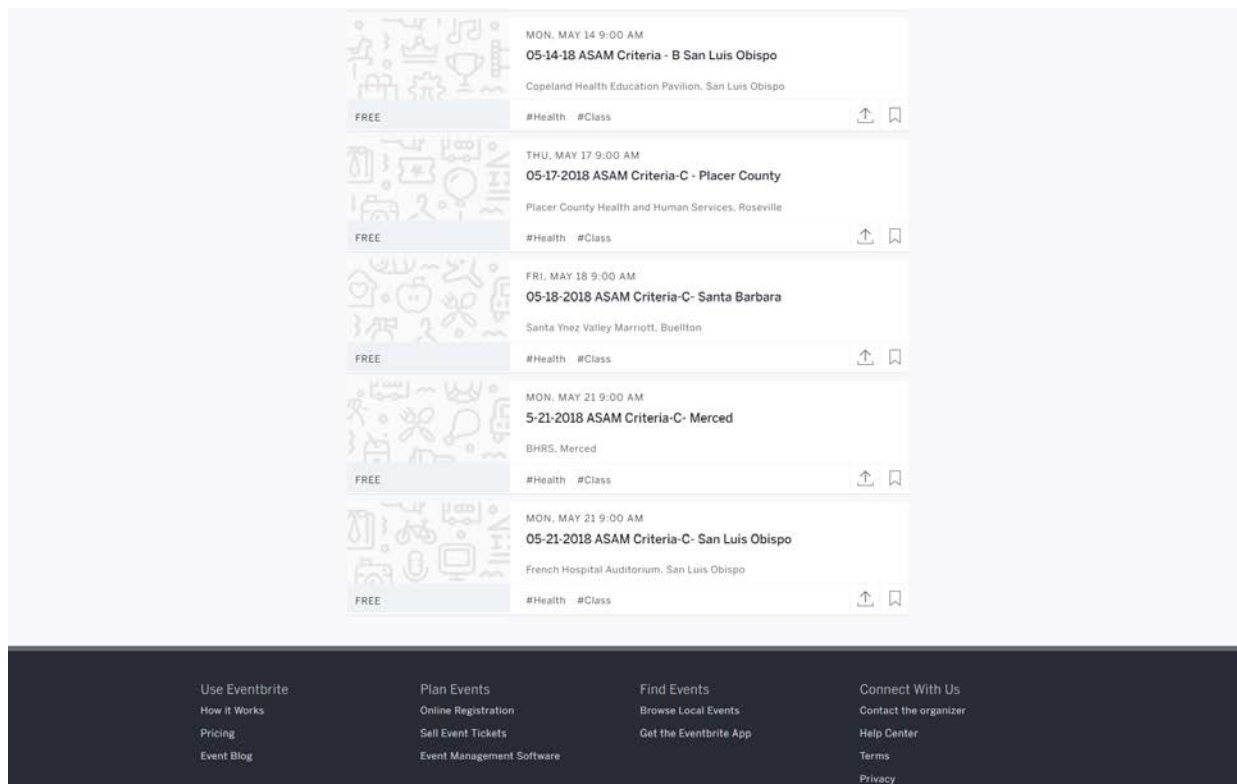

CIBHS was established as the California Institute for Mental Health (CIMH) in 1993 to promote excellence in mental health services. Local mental health directors founded CIMH to work collaboratively with all mental health system stakeholders. The commitment to collaboration has led the board to expand board membership to include consumers, family members, and other interested persons representing the public interest.

DMC-ODS Trainers

Trainers are provided by

- **CIBHS staff;**
 - **UCLA Integrated Substance Abuse Program (ISAP);**
 - **Behavioral Health Services (BHS);**
 - **Numerous independent contractors.**
-
- **Most trainings are provided live throughout the State of California. Webinars are also available.**

How to find DMC-ODS Waiver Training webinars on our website

- When a DMC-ODS webinar is scheduled, it is announced by email to the DMC-ODS list serve. Click on the link sent to you by e mail to register on the GoToWebinar website.
- If you miss a webinar, webinar recordings may be accessed on our webpage here: <https://www.cibhs.org/dmc-ods-webinars-0->
- To be added to the DMC-ODS list serve, and receive webinar and in person training announcements, e mail Paige at pdangelo@cibhs.org
- Posted: ASAM Criteria (a), (b); Modalities of Services, Quality Assurance a, and Selective Contracting.

Training Summary

- From January 1 through December 31, 2017 107 trainings were provided statewide reaching 4397 participants.
- For the period 2016-2017 combined the DMC-ODS project provided 201 trainings, reaching 8079 individuals.
- From January through April 2018 24 trainings provided; From January through May 2018 32 trainings are confirmed.
- From January through February 2018 we provided 12 trainings and reached 871 individuals. (The March and April 2018 reports are under development and the number attending is not currently available)

The DMC-ODS Waiver Training Project Design

- **The DMC-ODS Waiver Training Project provides trainings in 6 topic areas (see below);**
- **The target audience includes County Behavioral Health Departments and SUD providers;**
- **The trainings are regional in nature and provided throughout the State of California;**
- **Due to funding from DHCS these trainings are provided at no cost to the County or provider.**

The DMC-ODS Curriculum

1. **Modalities of Services (a)**
2. **ASAM (a), (b), (c)**
3. **Selective Contracting (a)**
4. **Quality Assurance (a), (b) (QA c is under development)**
5. **Continuum of Care (a)**
6. **Medication Assisted Treatment (a)**

DMC-OCS Waiver Assessment and Modality Services (MOS)

CIBHS shall assist counties in identifying the existing modalities for DMC-ODS Waiver services and the infrastructure needed to integrate additional modalities as required by the Standard Terms & Conditions (STCs).

American Society of Addiction Medicine (ASAM) Criteria

- **CIBHS shall provide a general overview of ASAM as well as an instruction related to the proper utilization of ASAM criteria for appropriate patient placement, and guidance for utilizing ASAM Criteria to determine the appropriate treatment of patients based upon their level of care.**
- **The emphasis here and throughout the ASAM training series will be the use of the ASAM Criteria as a clinical tool for initial client placement and ongoing services at a given level of care. This clinical training could also address the role of ASAM in medical necessity and treatment planning. ASAM thinking and concepts need to be infused throughout the system with regards to a client's treatment experience.**

American Society of Addiction Medicine (ASAM) Criteria

- **ASAM (a) – Introduction to ASAM criteria.**
- **ASAM (b) – Integrated treatment planning and documentation required to support the current level of care and transition to other levels of care.**
- **ASAM (c) – Using ASAM criteria to identify cross-systems service needs and strategies to meet those needs for each patient.**
- **The DMC-ODS posted ASAM a and ASAM b webinars.**

Selective Contracting (SC)

- **CIBHS shall provide guidance to counties on how to draft a request for proposal (RFP) to ensure that the contracting requirements and selection criteria set forth in the DMC-ODS Waiver STC's are clearly articulated. The Contractor shall also address with counties, and each county's respective board of supervisors, the appropriate written policies, and procedures for selection and retention of providers that are in compliance with the STCs.**
- **Selective Contracting (SC) (a) – Introduction to Selective Contracting, an overview of STC requirements and criteria.**

Quality Assurance Processes (QA)

- **CIBHS shall provide counties with instructions for drafting the quality assurance plans in a manner that complies with the Code of Federal Regulation section 438 requirements. The Contractor shall also provide counties with guidance on the practical application of the quality assurance plans and organizational structure and operation of the quality assurance committee.**
- **QA (a) – Introduction to 42 CFR Part 438 requirements and how the QA plan must correspond to specific requirements.**
- **QA (b) – Organizational structure and operation of the QA committee.**
- **QA (c) – Practical application to a county's ODS in general and to providers at various ASAM levels. (The curriculum for QA c is in process, should be available within three months)**

Medication-Assisted Treatment (MAT)

- **CIBHS shall provide a general overview of the medications used in MAT that are available through the DMC-ODS Waiver. The overview shall address each specific medication, including the primary use of treatment and the relationship, if any, with other medications available for treatment. As part of the MAT training content, the Contractor shall educate counties on the theory of MAT and how MAT can be utilized to treat substance use disorders.**
- **MAT (a) (Behavioral Health and Medical Providers) – Understanding medication-assisted treatment and its role within the treatment system.**

Continuum of Care (COC)

- **CIBHS shall address, in detail, each ASAM level of care set forth in STCs. The Contractor shall specifically discuss the nature of services provided at each level of care and the appropriate interaction between providers when transitioning patients within the continuum of care to levels appropriate to meet their needs.**

Continuum of Care (COC)

- **The Continuum of Care training would address the structure, services, and operation of an organized delivery system designed on ASAM principles. Distinct from the Topic Area #2 ASAM Criteria training, these introductory sessions will address systems and services for all clients in a county's organized delivery system. The emphasis will not be how an individual client might move through the ODS but rather how the ODS will serve the overall caseload. As appropriate, training content may discuss the 'overall caseload' in terms of specific segments; for example, clients with significant impairment/low functioning/barriers to recovery versus lesser impairment/ higher functioning/recovery assets as well as other groupings like offenders, women, or youth.**
- **COC (a) – Overview training for all providers on meaning and function of each ASAM level of care.**
