RE: California State Plan Amendment 14-014

Dear Mr. Douglas:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid state plan submitted under transmittal number (TN) 14-014. This amendment updates the All Patient Refined Diagnosis Related Group (APR-DRG) payment parameters for state fiscal year 2014-2015, effective July 1, 2014.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(13), 1902(a)(30), 1903(a), and 1923 of the Social Security Act and the implementing Federal regulations at 42 CFR 447 Subpart C. This is to inform you that Medicaid State plan amendment TN 14-014 is approved effective July 1, 2014. We are enclosing the HCFA-179 and the amended plan pages.

If you have any questions, please call Mark Wong at (415) 744-3561.

Sincerely,

Cindy Mann
Director

For purposes of receiving the NICU policy adjustor, the hospital stay must be assigned to the neonate care category. For purposes of receiving the enhanced NICU Surgery policy adjustor, the hospital must meet the definition of a Regional NICU as defined in the CCS Manual of Procedures, Section 3.25.1 or a Community NICU with a neonatal surgery as defined in the CCS Manual of Procedures Sections 3.25.2.

Periodic reviews of CCS-approved NICUs may be conducted on an annual basis or as deemed necessary by the CCS program. If an NICU does not meet CCS program requirements, the NICU may be subject to losing CCS approval. If a hospital loses CCS approval as a designated NICU, the hospital will no longer qualify for the enhanced DRG Policy Adjustor – NICU surgery and be dropped from the list above. Additionally, hospitals that apply and receive NICU approval from CCS will be added to the list above.
k. The DRG Hospital Specific Transitional APR-DRG Base Price for SFY 2013-14 were sent to private hospitals January 30, 2013.

l. The DRG Hospital Specific Transitional APR-DRG Base Price for SFY 2013-14 were sent to NDPHs June 17, 2013.

m. The DRG Hospital Specific Transitional APR-DRG Base Price for SFY 2014-15 and SFY 2015-16 was provided to hospitals on July 31, 2013. Transitional APR-DRG Base Prices are subject to change based on changes to the Medicare Wage Index, hospital characteristics or other reasons. Beginning in 2016-17 all hospitals will receive the statewide base price.

4. Wage Area Adjustor

a. The “Wage Area Adjustor” adjusts the APR-DRG Base Price of a DRG Hospital depending on the wage area Medicare has assigned to them. DHCS will utilize the same wage area boundaries, wage area index values, labor share calculation, and any other wage area or index value adjustments as Medicare. DHCS will also use the Medicare reclassifications of DRG Hospitals into adjacent wage areas. Out of state hospitals will receive a wage area adjustor of 1.00. The wage area adjustor is applied to the labor share percentage, as specified in Appendix 6, of the statewide base price or the remote rural base price. Medicare published the Medicare impact file for FFY 2014 in January, 2014 and it was used for the transitional base prices for SFY 2014-15. Similarly, final changes to all DRG hospitals wage area, index value, or labor share calculation published for future federal fiscal years will be used for the state fiscal year beginning after the start of each respective federal fiscal year. All wage area index values can be viewed on the Medi-Cal DRG Pricing Calculator posted on the DHCS website at [http://www.dhcs.ca.gov/provgovpart/Pages/DRG.aspx](http://www.dhcs.ca.gov/provgovpart/Pages/DRG.aspx).
Provided all requirements for prepayment review have been approved by DHCS, Rehabilitation Services are paid a per diem amount for each day of service that is authorized, unless otherwise specified in Attachment 4.19-A. The specific per diem rates for pediatric and adult rehabilitation services are specified in Appendix 6 and are statewide rates. The specific pediatric and adult rehabilitation per diem rates were set at a level that is budget neutral on a statewide basis for both adult and pediatric rehabilitation services based on rates in effect June 30, 2013. The specific per diem rate for a hospital that provided services to both the adult and pediatric population is based on the blend of pediatric and adult rehabilitation services provided at that specific hospital. A facility-specific blended rate is the weighted average of the statewide adult and statewide pediatric per diem rates, weighted by the individual facility's number of adult and pediatric rehabilitation days in the base period used to determine the statewide per diem rates. The labor portion (69.6%) of all rehabilitation rates are further adjusted by the Medicare Wage Index value for each specific hospital.

D. Updating Parameters

DHCS will review and update the Rehabilitation Services payment parameters through the State Plan Amendment process. When reviewing and updating, DHCS shall consider: access to care related to Rehabilitation Services provided at a DRG Hospital, and any other issues warranting review.

E. Pre-Payment and Post Payment Review

All claims paid under the rehabilitation per diem are subject to DHCS’ pre-payment medical necessity review and discretionary post-payment review.
