

DRG Excel Data Webinar March 13th, 2013

On Wednesday, March 13, DHCS will host a Q&A webinar on the hospital-specific DRG simulation data file that some hospitals have requested and received. This Excel data file pertains to the new DRG-based payment method that will be implemented July 1, 2013, for fee-for-service beneficiaries.

The webinar will begin with a brief walk-through of the Excel file and the data fields, then leave most of the time for questions. The webinar will only cover the hospital-specific DRG simulation data file. The session would be most useful to hospital staff who have received their hospital's Excel file and have it in front of them.

Separate trainings on other DRG topics - such as an overview of the new payment method and a description of how hospital-specific base prices were calculated - have been held previously and are scheduled for the future. For information, please see the DRG webpage at <http://www.dhcs.ca.gov/provgovpart/pages/DRG.aspx>.

For questions on this topic and any other DRG topic, please email drg@dhcs.ca.gov.
