

## De Neve Plaza

351 Charles E. Young Drive West, UCLA Campus, Los Angeles

De Neve Plaza is located in the Northwest portion of the campus highlighted on the map below.

### Directions to Conference Facilities from the 405 Freeway

The UCLA campus is easily accessible from the 405 freeway by taking the Sunset Boulevard exit. Once you've exited the freeway, head east on Sunset Boulevard and enter the campus at Bellagio Drive. Once on the campus, signs provide additional directions to the conference facilities.

### How to Park

UCLA Parking aims to make parking on campus as convenient as possible for our campus visitors, with over 50 surface lots and multi-level parking structures located throughout the campus. Vehicles parked in a non-metered UCLA lot or structure must display a valid

permit. These permits indicate where and when the permit holder is authorized to park. Finding the right location to park will largely depend on space availability and authorization to park in specific parking area. Please refer to the campus parking map to find the closest open Information & Parking Booth.

### **Self-Service Parking Pay Stations**

If you know where you are going on campus and need short-term parking, UCLA Parking Pay Stations are fast, easy and flexible. Simply drive to the nearest self-service Pay Station location found in lots and structures throughout campus. Please read the posted signs and screen prompts for Pay by Space or Pay and Display directions. Pay Stations allow you to select the time you need to spend on campus and pay accordingly (all-day passes can also be purchased).

### **Daily Permits**

Visitors may purchase daily parking permits by stopping at the Information & Parking booths conveniently located throughout campus. Our friendly and knowledgeable attendants will issue you a parking permit and direct you to the appropriate parking lot or structure. They can also provide directions to campus attractions and answer any questions you may have.

### **Campus Accessible parking spaces:**
