

Department of Health Care Services
Section 93 Stakeholder Workgroup Meeting
September 30, 2014

Top Five Reasons on Why People Remained in MRMIP-Informal Survey (in descending order):

- To keep my existing doctor(s) and/or specialist(s) who are not part of the other insurance options
- The MRMIP \$500 annual deductible is lower than other insurance options
- I prefer the combined MRMIP medical and prescriptions expenses that apply toward the annual \$500 deductible
- The MRMIP premium is lower than other insurance options
- I wanted to wait and see how the 2014 Open Enrollment period for Covered CA and the Individual Insurance Market went for new enrollees

Note: Six out of ten respondents indicated they did not plan to apply for coverage through Covered CA or the Individual Insurance Market during the 2015 Open Enrollment period.
