ARNOLD SCHWARZENEGGER
Governor

Dear Friends:

The Department of Health Services and Prison Industry Authority (PIA) are proud to announce a wonderful new eyeglass donor program called *Help the World See*.

By donating your patients' unwanted eyeglasses left in your office to worthy charities, you can help many less fortunate men, women, and children around the world improve their vision. What a better way to make a difference in someone's life than to give the gift of clear sight!

Donating through this program is fast and easy! Just wrap your unwanted eyeglasses in the packing slip provided below and ship it to your PIA optical laboratory with your regular orders. We will do the rest!

We will make sure that organizations like Lions and Rotary International, Volunteer Optometric Services to Humanity, and others receive your donations to help people in need around the world. With your help, together we can make a difference!

For more information on this program, please contact Dr. Cory Vu, Medi-Cal Vision Care Program Consultant, at (916) 552-9539 or e-mail at cvu@dhs.ca.gov.
