ISSUE:

This brief was circulated to Planning Council staff with the request that each committee spend a few minutes reviewing and discussing the contents. It is an update of a document originally developed in 2004.

- Does this committee feel that this document meets its intended purpose of stimulating a creative review of mental health services for women?

If not, how could it be improved?

- Does this committee wish to suggest or take any action based on this document?
- How can the Advocacy Committee use this document to inform or improve its proposed charter or work projects?
