Summary: Existing law, the California Community Care Facilities Act, provides for the licensing and regulation of community care facilities, as defined, by the State Department of Social Services. A violation of the act is a misdemeanor. This bill would include within the definition of a community care facility an emergency youth shelter facility, as defined. The bill would require the department to license emergency youth shelter facilities that have met specified requirements, including the requirement that facility staff shall offer short-term, 24-hour nonmedical care and supervision and personal services to up to 25 youths who voluntarily enter the facility. The bill would require the department to adopt regulations to implement these provisions and provide that, until those regulations become effective, the department may implement these provisions by publishing information releases or similar instructions from the director . This bill contains other related provisions and other existing laws.

Summary: Existing law requires the Department of Justice, upon submission of firearm purchaser information, to examine its records to determine if the purchaser is prohibited from possessing, receiving, owning, or purchasing a firearm. Existing law prohibits the delivery of a firearm within 10 days of the application to purchase, or, after notice by the department, within 10 days of the submission to the department of any corrections to the application to purchase, or within 10 days of

the submission to the department of a specified fee. Existing law generally requires firearms transactions to be completed through a licensed firearms dealers. If a dealer cannot legally deliver a firearm, existing law requires the dealer to return the firearm to the transferor, seller, or person loaning the firearm. This bill would require the department, if the department has not completed the examination of its records within 2 days prior to the conclusion of the 10-day waiting period described above, to notify the dealer of this fact, and would require the dealer to withhold delivery until 7 days have elapsed after the notification is received by the dealer. The bill would also prohibit a dealer from returning a firearm to the person selling, loaning, or transferring the firearm until 7 days have elapsed after the notification is received by the dealer. This bill contains other related provisions and other existing laws.

Summary: Existing sales and use tax laws impose taxes on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. This bill would impose a tax upon retailers for the privilege of selling ammunition, as defined, at the rate of \$0.05 per item of ammunition sold at retail in this state on or after January 1, 2014. It would also impose a complemental excise tax on the storage, use, or other consumption in this state of ammunition purchased from a retailer for storage, use, or other consumption in this state, as provided. The tax would be collected pursuant to the procedures set forth in the Fee Collection Procedures Law. This bill would require that revenues collected pursuant to these taxes be allocated to the School-Based Early Mental Health Intervention and Prevention Services Matching Grant Program. This bill contains other related provisions and other existing laws.

Summary: Existing law provides for the licensure and regulation of health facilities, including skilled nursing facilities, by the State Department of Public Health. Existing law requires the State Department of Health Care Services to contract with skilled nursing facilities that have been designated by the State Department of State Hospitals as institutions for mental disease to provide services to the residents. Under existing law, as long as contracts require institutions for mental disease to continue to be licensed as skilled nursing facilities, they are reimbursed at a specified rate. This bill would, effective July 1, 2014, require the reimbursement rate for services in those institutions for mental disease to increase by 3.5% annually.

Summary: Existing law requires that all persons released from prison on and after October 1, 2011, after serving a prison term for a felony, be subject to postrelease community supervision provided by a county agency for a period of 3 years immediately following release, except for persons released after serving a term for a serious felony, a violent felony, an offense for which the person was sentenced pursuant to the Three Strikes law, a crime where the person is classified as a High Risk Sex Offender, or a crime where the person is required to undergo treatment by the State Department of State Hospitals because the person has a severe mental disorder. Existing law requires these persons to be subject to parole supervision by the Department of Corrections and Rehabilitation following release from state prison. Existing law requires the Secretary of the Department of Corrections and Rehabilitation to establish a parole reentry accountability program, and, subject to the availability of funding, to enter into a memorandum of understanding with the Administrative Office of the Courts for the establishment and operation of reentry court programs for parolees and persons on postrelease community supervision. This bill would, until January 1, 2018, require the Secretary of the Department of Corrections and Rehabilitation to establish a 3-year postrelease reentry pilot program, using an existing Sacramento area-based parole reentry program as a model, in 3 additional counties to provide comprehensive, structured reentry services for offenders released from state prison. The bill would require the Counties of San Bernardino, San Joaquin, and San Mateo to participate in the pilot program, and would provide that parolees, persons on postrelease community supervision, and probationers are eligible for participation in the program. The bill would require the secretary to submit a report on the effectiveness of the program for the 3 years of its operation to the Legislature on or before March 1, 2017, and a summary of the report to the Governor and the Legislature outlining the successes of the program. The bill would state the intent of the Legislature to appropriate \$1,200,000 per year per site from the state General Fund for the operation of the program, subject to matching funds from the county, and to appropriate an additional amount for the cost of evaluating the program. By imposing new and additional duties on local agencies in the participating counties, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Summary: Existing law provides for the licensure and regulation of clinics and health facilities by the State Department of Public Health. Existing law also provides for the registration, certification, and licensure of various health care professionals and sets forth the scope of practice for these professionals. This bill would establish the Patient Centered Medical Home Act of 2013 and would define a "medical home" and a "patient centered medical home" for purposes of the act to refer to a health care delivery model in which a patient establishes an ongoing relationship with a licensed health care provider, as specified. The bill would specify that it does not change the scope of practice of health care providers.

Summary: Existing law provides that school districts and county offices of education are responsible for the overall development of comprehensive school safety plans for its schools operating kindergarten or any of grades 1 to 12, inclusive. Existing law requires the schoolsite council of a school to write and develop a school safety plan relevant to the needs and resources of the particular school, except as specified with regard to a small school district. Existing law requires the school safety plan to include specified strategies and programs that will provide or maintain a high level of school safety. Existing law authorizes a school district or county office of education to elect to not have its schoolsite council develop and write portions of its school safety plan that include tactical responses to criminal incidents, as defined, and instead develop those portions of the school safety plan with law enforcement officials and other specified persons. Existing law provides certain protections from disclosure for this tactical response plan. This bill would require a comprehensive school safety plan to include a tactical response plan and protocol for teachers to provide notification of a pupil identified as having a potential mental health issue that is likely to result in violence or harm to the pupil or others. The bill would revise the definition of "tactical responses to criminal incidents" to include a plan to safeguard against incidents that include a firearm, explosive, or other deadly weapon. The bill would require a school district or county office of education to publicly announce its adoption or update of a tactical response plan, but would not require the school to disclose those portions of the plan that may be kept private pursuant to existing law. This bill contains other related provisions and other existing laws.

Summary: Existing law, known as Laura's Law, until January 1, 2017, regulates designated assisted outpatient treatment services, which a county may choose to provide for its residents. In a county where assisted outpatient treatment services are available, a person is authorized to receive specified mental health services pursuant to an order if requisite criteria are met, as specified. Under that law, participating counties are required to provide prescribed assisted outpatient services, including a service planning and delivery process that provides for services that are client-directed and employ psychosocial rehabilitation and recovery principles. This bill would declare that it is consistent with and furthers the intent of the Mental Health Services Act. This bill would clarify that services provided under Laura's Law may be provided pursuant to the Mental Health Services Act. This bill would provide that outreach under prevention and early intervention programs may include the provision of funds to school districts, county offices of education, and charter schools for the purposes of obtaining and providing training to identify students with mental health issues that may result in a threat to themselves or others. By allocating moneys in the Mental Health Services Fund for new purposes, this bill would make an appropriation. This bill contains other related provisions and other existing laws.

Summary: The Community Redevelopment Law authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined. Existing law dissolved redevelopment agencies and community development agencies, as of February 1, 2012, and provides for the designation of successor agencies. This bill would authorize certain public entities of a Sustainable Communities Investment Area, as described, to form a Sustainable Communities Investment Authority (authority) to carry out the Community Redevelopment Law in a specified manner. The bill would require the authority to adopt a Sustainable Communities Investment Plan for a Sustainable Communities Investment Area and authorize the authority to include in that plan a provision for the receipt of tax increment funds provided that certain economic development and planning requirements are met. The bill would authorize the legislative body of a city or county forming an authority to dedicate any portion of its net available revenue, as defined, to the authority through its Sustainable Communities Investment Plan. The bill would require the authority to contract for an independent financial and performance audit every 5 years. This bill contains other related provisions and other existing laws.

Summary: Existing law, the 2011 Realignment Legislation addressing public safety and related statutes, requires that certain specified felonies be punished by a term of imprisonment in a county jail for 16 months, or 2 or 3 years, and provides for postrelease community supervision by county officials for persons convicted of certain specified felonies upon release from prison or county jail. As part of the realignment of public safety services to local agencies, existing law establishes the Local Revenue Fund 2011 into which specified tax revenues are deposited and are continuously appropriated for the provision of public safety services, as defined. This bill, the 2013 Realignment Legislation addressing justice reinvestment, would establish the Realignment Reinvestment Fund in the State Treasury as a continuously appropriated fund. The bill would require the Director of Finance, in consultation with the Legislative Analyst, to annually calculate the net savings to the state for the prior fiscal year and an estimate of the net current fiscal year savings resulting from the 2011 Realignment Legislation addressing public safety, as specified. The bill would require the Controller to transfer \$819,857,000 from the General Fund to the Realignment Reinvestment Fund for the 2013-14 fiscal year, thereby making an appropriation. The bill would, beginning in the 2014-15 fiscal year, and each fiscal year thereafter, require the Controller to transfer an amount equal to the estimate of net current fiscal year savings resulting from the 2011 Realignment Legislation addressing public safety, adjusted by the difference between the preceding year's estimate and the calculated prior fiscal year net savings, thereby making an appropriation. Summary: Existing law, the Lanterman-Petris-Short Act, provides for the involuntary commitment and

treatment of persons with specified mental disorders and for the protection of the persons so committed. Existing law states the intent of the Legislature, with regard to this act, including to end inappropriate, indefinite, and involuntary commitment of mentally disordered persons, developmentally disabled persons, and persons impaired by chronic alcoholism, and to eliminate legal disabilities and to protect mentally disordered persons and developmentally disabled persons. This bill would state the intent of the Legislature, additionally, to provide consistent standards for protection of the personal rights of persons who are subject to involuntary detention and to provide services in the least restrictive setting appropriate to the needs of the person, as well as making technical changes. This bill contains other related provisions and other existing laws.

Summary: Under existing law, there are programs providing assistance for, among other things, emergency housing, multifamily housing, farmworker housing, home ownership for very low and low-income households, and downpayment assistance for first-time homebuyers. Existing law also authorizes the issuance of bonds in specified amounts pursuant to the State General Obligation Bond Law. Existing law requires that proceeds from the sale of these bonds be used to finance various existing housing programs, capital outlay related to infill development, brownfield cleanup that promotes infill development, and housing-related parks. This bill would enact the California Homes and Jobs Act of 2013. The bill would make legislative findings and declarations relating to the need for establishing permanent, ongoing sources of funding dedicated to affordable housing development. The bill would impose a fee, except as provided, of \$75 to be paid at the time of the recording of every real estate instrument, paper, or notice required or permitted by law to be recorded. By imposing new duties on counties with respect to the imposition of the recording fee, the bill would create a state-mandated local program. The bill would require that revenues from this fee be sent quarterly to the Department of Housing and Community Development for deposit in the California Homes and Jobs Trust Fund, which the bill would create within the State Treasury. The bill would provide that moneys in the fund may be expended for supporting affordable housing, administering housing programs, and the cost of periodic audits, as specified. The bill would impose certain auditing and reporting requirements. This bill contains other related provisions and other existing laws.

Calendar: 5/20/2013 #73 SENATE SPECIAL CONSENT CALENDAR #5

Summary: Existing law prohibits a person from possessing a firearm or deadly weapon for a period of 6 months when the person has communicated a serious threat of physical violence against a reasonably identifiable victim or victims to a licensed psychotherapist. Existing law requires the licensed psychotherapist to immediately report the identity of the person to a local law enforcement agency, and requires the local law enforcement agency to immediately notify the Department of Justice. This bill would instead require the licensed psychotherapist to make the report to local law enforcement within 24 hours, in a manner prescribed by the department. The bill would require the local law enforcement agency receiving the report to notify the department electronically within 24 hours, in a manner prescribed by the department.

Summary: Existing law requires the State Department of Education to prepare and distribute to school districts guidelines for the preparation of comprehensive health education plans, and requires approval of district plans to be made in accordance with rules and regulations adopted by the State Board of Education. Existing law also establishes the Instructional Quality Commission and requires the commission to, among other things, recommend curriculum frameworks to the state board. This bill would require, during the next revision of the publication "Health Framework for California Public Schools," the commission to develop, and recommend for adoption by the state board, a distinct category on mental health instruction, as described, to educate pupils about all aspects of mental health. The bill would require the department to convene stakeholders in the mental health and educational fields, as provided, to provide input for the development of the mental health instruction in the health framework . The bill would require the department to review information and programs from other states and countries. Commencing with the 2013-14 school year, the bill would authorize a school district to provide to pupils in any grades mental health instruction.

Summary: Existing law requires that a pupil expelled from school for any of several specified offenses is prohibited from enrolling in any other school or school district during the period of expulsion unless the school he or she enrolls in is a county community school, a juvenile court school, or a community day school. This bill would impose a state-mandated local program by further requiring that a pupil expelled from school for any of these offenses undergo a mental health evaluation conducted by a licensed clinical psychologist in order to enroll in one of these schools. This bill contains other related provisions and other existing laws.

(Yee D) Mental health: Laura's Law.

Current Text: Amended: 4/11/2013 [pdf](#) [html](#)

Status: 5/16/2013-Set, first hearing. Hearing canceled at the request of author.

Summary: Existing law, known as Laura's Law, until January 1, 2017, regulates designated assisted outpatient treatment services, which a county may choose to provide for its residents. To implement the program, the county board of supervisors is required to, by resolution, authorize the program and make a finding that no voluntary mental health program serving adults, and no children's mental health program, may be reduced as a result of the program's implementation. In a county where assisted outpatient treatment services are available, a person is authorized to receive specific mental health services pursuant to an order if requisite criteria are met, as specified. This bill would no longer require a county to authorize the program by resolution and make those findings to implement the program. This bill would authorize a county to limit the number of persons to whom it provides assisted outpatient treatment services.
