Partial Compliance: Regarding the statewide, 24 hours a day, 7 days a week (24/7) toll-free telephone number: 2) Does the toll-free telephone number provide information to beneficiaries about how to access specialty mental health services, including specialty mental health services required to assess whether medical necessity criteria are met?

Findings:
Callers were provided information on how to access SMHS on 40% of the test calls. The MHP is required to provide evidence that it will provide information to beneficiaries about how to access SMHS, including SMHS required to assess whether medical necessity criteria are met.

Plan of Correction

- ACCESS staff and BHCS’s contracted after-hours provider have now been informed that they need to explain the screening process at the beginning of the call when a beneficiary is requesting services or when a caller is asking how a person can access Specialty Mental Health Services (SMHS). Staff now informs the caller that a licensed ACCESS clinician will do a brief screening to assess whether they meet medical necessity for SMHS, and verify their insurance. They then explain that if the beneficiary meets medical necessity for SMHS and has a BHCS insurance plan, ACCESS will make a referral for them, based on clinical need, provider availability and their preferences. If medical necessity is not met, ACCESS staff will refer the beneficiary to their managed care plan or primary care provider for the services they are seeking.

  1) Highlights of the 2/8/17 Children’s Staff Meeting
  2) Highlights of the 2/9/17 Adult Staff Meeting. In both of these meetings the clinical supervisor reviewed the expectations that staff provide information to the beneficiaries about how to access SMHS, including SMHS required to assess whether medical necessity criteria are met.
  3) Revised Alameda County ACCESS Script that BHCS’s after-hours provider utilizes to address this question. The after-hours provider reviewed the expectations re: how to access SMHS including SMHS required to assess whether medical necessity criteria are met with their staff on 3/5/17 and revised their Script on 3/7/17. They provide trainings to their staff on a quarterly basis to teach and review the expectations for the 24/7 toll free number. The trainings this year were on 8/7/16, 11/13/16, 3/5/17 and 6/4/17. Out of Compliance: Does the MHP have evidence of the implementation of training programs to improve the cultural competence skills of staff and contract providers?

Findings:
Regarding the implementation of training programs to improve the cultural competence skills of staff and contract providers, after providing three trainings in 2016 the MHP had no method to ensure that all staff and contracted providers attended the cultural competence trainings held in 2016.

Plan of Correction
As demonstrated by evidence presented at ACBHCS’s review in January 2017, ACBHCS offers numerous cultural competency trainings annually to county staff and contracted provider staff. ACBHCS will track and monitor that all BHCS staff and contractor staff attend these trainings annually using the following methods:
- For ACBHCS staff: There will be two approaches employed to ensure ACBHCS staff and management attend CLAS Standards and other cultural competence trainings. 1) ACBHCS entered into a contract with Relias Learning, LLC effective 11/1/16 to use Relias’ online Compliance Library which includes an online course on “Cultural Diversity.” This course will be a mandated training for all ACBHCS staff. ACBHCS has been pilot testing the Relias Learning system and it is expected that the system will be fully functional by 12/31/17. The system has the capacity to indicate mandated trainings for each employee, monitor completion, and generate reports which will be reviewed and monitored by the Office of Ethnic Services and Compliance Officer. See attachments. 2) There will also be mandated live trainings available to ACBHCS staff and management, and memos from ACBHCS’s Interim Director and/or Deputy Director will emphasize the importance and commitment of staff and management to attend these trainings.
- For contracted provider staff: Language will be added to contracts for contracted providers to ensure that their staff and management attend CLAS Standards and other cultural competency trainings annually. It will be the responsibility of the contracted provider to track and monitor that all staff and management have completed an annual cultural competency training and submit a training tracking report to the Office of Ethnic Services by July 10th of each year.

SECTION C: Authorization

| C6c  | Partial compliance: NOA-C: Is the MHP providing a written NOA-C to the beneficiary when the MHP denies payment authorization of a service that has already been delivered to the beneficiary as a result of a retrospective payment determination? |

Findings:
The MHP did not furnish evidence it provides a written NOA-C to the beneficiary when the MHP denies payment authorization of a service that has already been delivered to the beneficiary as a result of a retrospective payment determination.

Plan of Correction
The ACBHCs Utilization Management Program (UM) has implemented additional programmatic oversight procedures to ensure the completion of all required NOA-Cs when a payment authorization request of an already delivered service is denied as a result of a retrospective payment determination as follows:
- For any “Denied” or “Approved as Modified” TARs, verify completion of a NOA-C and that there are two copies.
- Mail one copy of a NOA-C to the beneficiary.
- Stamp mail date on the other copy of the NOA-C.
- Verify NOA-C completion has been logged in NOA Database.
- Verify accuracy of NOA-C logging in NOA Database as “C-Post-Service Denials.”
- Notate NOA ID# on copy of NOA-C.
- Place TAR, fax confirmation pages to Xerox and inpatient facility, and copy of NOA-C in Client File and file in appropriate “Denied TARs” drawer.

Findings:
The MHP did not furnish sufficient evidence it provides a written NOA-E to the beneficiary when the MHP fails to provide a service in a timely manner.

Plan of Correction
- Met with a small group of concerned providers (3/2/17 & 4/25/17) to troubleshoot implementing Policy 300-1-2 in regards to NOA-E’s for children’s programs; created clarifying language for policy addendum. See Attachment: Meeting Sign-In Sheet – NOA Meeting
ACBHCs’s Timely Access to Service Standard (Attachment to Policy #300-1-2) will be updated to 10 business days for non-psychiatry outpatient appointments and to 15 business days for outpatient psychiatry appointments. This standard will be communicated to all providers via e-mail, announced to those subscribed to Alameda’s gov delivery system, and posted in the Quality Assurance Manual on the Provider Website expected by 10/31/17.

ACBHCS’s Information Systems Department will design and implement a method to capture dates to measure timeliness from beneficiary request for services to first offered appointment date. Expected completion date by December 31, 2017.

ACBHCS will update Policy #300-1-2 Notices of Action for Medi-Cal Beneficiaries with relevant operational standards in regards to NOA-E’s and communicate any revisions to the policy in a similar manner listed above.

The contract with the provider does not specify that the grievance process must comply with the regulatory requirements stated in CCR, title 9, chapter 11, section 1850.209(a)(2). In addition, the MHP did not furnish evidence that they monitor the provider’s grievance resolution process to ensure it complies with those regulatory requirements.

**Plan of Correction**
- ACBHCS will revise Policy #300-1-1 Consumer Grievance and Appeal Processes for Medi-Cal Specialty Mental Health Services and Mental Health Service Act Programs to comply with Title 9 requirements as follows: 1) that any grievance process that contracted providers offer to consumers will meet Title 9 requirements; 2) that ACBHCS will monitor any grievance processes that are established by contracted providers; and that ACBHCS will require contracted providers with established grievance processes to submit material and data relevant to grievances to ACBHS which will be included in the annual DHCS ABGAR report.
- ACBHCS will create methods to determine which contracted providers have an established grievance process, to gather relevant material and the data, and to input data into the MHP’s grievance and appeal log.

Findings:
The MHP did not furnish sufficient evidence it has an effective monitoring system in place that ensures contracted organizational providers and county owned and operated providers are certified and recertified per title 9 regulations.

Plan of Correction
- Currently ACBHCS has one full-time staff responsible for monitoring, overseeing, and performing Medi-Cal site certifications. In order to bring the MHP into compliance for this item, ACBHCS will:
  1) Allocate a minimum of one additional full-time staff to performing site certifications; and

Plan of Correction
- ACBHCS will create a policy and procedure that specifies corrective actions to be taken if a provider fails to meet the timeliness to service standards established by the MHP. This may be incorporated into the existing “Notice of Action for Medi-Cal Specialty Mental Health Services” policy or a new policy will be created.

The MHP did offer compliance training for staff and contractors. The MHP did not have a mechanism, however, to ensure that all staff and contractors attended compliance training.

### Plan of Correction

**For ACBHCS employees:**
- ACBHCS entered into a contract with Relias Learning, LLC effective 11/1/16 to use Relias’ online Compliance Library which includes an online course on “Corporate Compliance: The Basics.” The course covers the topic of fraud, waste, and abuse in the healthcare industry and will be a mandated training for all ACBHCS staff. ACBHCS has been pilot testing the Relias Learning system and it is expected that the system will be fully functional by 12/31/17. The system has the capacity to indicate mandated trainings for each employee, monitor completion, and generate reports which will be reviewed and monitored by the ACBHCS Compliance Officer. Previous treatment, including providers, therapeutic modality (e.g., medications, psychosocial treatments) and responses, and inpatient admissions. If possible, include information from other sources of clinical data such as previous mental health records and relevant psychological testing or consultation reports; 4) Medical History. Relevant physical health conditions reported by the beneficiary or a significant support person. Include name and address of current source of medical treatment. For children and adolescents the history must include prenatal and perinatal events and relevant/significant development history. If possible, include other medical information from medical records or relevant consultation reports; 5) Medications. Information about medications the beneficiary has received, or is receiving, to treat mental health and medical conditions, including duration of medical treatment. The assessment must include documentation of the absence or presence of allergies or adverse reactions to medications and documentation of an informed consent for medications; 6) Substance Exposure/Substance use.
