Dear

We would like to invite you to attend a two hour meeting with other youth that have received Therapeutic Behavioral Services (TBS), so that we may learn from you and your experience.

Your input (voice) is needed and valued in order to learn what works best and what the barriers are in accessing services that you or your family members may have experienced.

Your voice will be used to help improve services for youth and families accessing TBS services in the future.

Please call if you plan on coming so that we can support your attendance.
