

AGENDA

Data Symposium on High Utilizers of Medi-Cal Services March 4, 2015 University of California Center, Sacramento 1130 K Street, Suite LL22

9:30–10:00 **Registration and Networking Coffee**

10:00–10:15 **Introduction and Symposium Overview**

- Kenneth W. Kizer, MD, MPH, Distinguished Professor, University of California, Davis, and Director, Institute for Population Health Improvement (IPHI), UC Davis Health System
- Neal Kohatsu, MD, MPH, Medical Director, California Department of Health Care Services (DHCS)
- Chris Perrone, MPP, Director, Health Reform and Public Programs Initiative, California HealthCare Foundation (CHCF)

10:15–12:15 **Understanding High Utilizers of Medi-Cal Services**

Presenters and panelists will present data to foster an understanding of the Medi-Cal high utilizer population, explore the significance of behavioral health needs, long term care use and other factors among the Medi-Cal and other high utilization populations, and discuss programmatic and policy implications of high utilizer data analytics.

- Moderator – Kenneth W. Kizer, MD, MPH, UC Davis Health System
- Presenter – Jim Watkins, CPA, MPPA, Chief, Research and Analytic Studies Division, DHCS
- Debbie Innes-Gomberg, PhD, District Chief, MHSA Implementation and Outcomes Division, Los Angeles County Department of Mental Health
- David Mancuso, PhD, Director of Research and Data Analysis Division, Washington Department of Social and Health Services (DSHS)
- Sarah Brooks, MSW, Division Chief of the Managed Care Quality and Monitoring Division, DHCS

Afternoon Sessions

12:15–1:00 **Networking Lunch**

1:00-2:15 **The Impact of Home Based Services and Long Term Care Facility Costs**

The speaker and panelists will examine the use of home and community-based services and the impact on utilization, cost and outcomes, demonstrate the patterns of utilization and expenditures among Long Term Care Support and Services, highlight knowledge and information gaps and areas for data and program improvements.

- Moderator – Neal Kohatsu, MD, MPH, DHCS
- Presenter – Andrew Bindman, MD, Professor, Medicine and Epidemiology and Biostatistics, University of California, San Francisco
- Rebecca Schupp, Chief, Long-Term Services and Support Operations Branch, DHCS
- Sarah Steenhausen, MS, Senior Policy Advisor, The SCAN Foundation

2:15-3:00 **Keynote and Demonstration**

Washington State has integrated data across health and social programs to understand its high cost populations, better target services, and improve health outcomes. The discussion will include a demonstration of Washington’s Medicaid predictive risk intelligence system (PRISM) and highlight application for other states.

- Presenter – David Mancuso, PhD, Washington DSHS
- Moderator – Linette Scott, MD, MPH, Chief Medical Information Officer, DHCS

3:00-3:15 **Wrap-Up**

- Kenneth W. Kizer, MD, MPH, UC Davis Health System
- Chris Perrone, MPP, California HealthCare Foundation
