Ophthalmology Service Code Group (SCG) 10 **Revised**

SCG 10, Ophthalmology SCG, is a new SCG that has been formed to expeditiously authorize the multiple procedures performed by Ophthalmologists without having to separately list in a SAR all the codes these physician specialists use. These codes are not in any other SCG. Because SCG 10 does not contain the codes in SCG 01, the ophthalmologist should receive **both** SCG 10 and SCG 01. SCG 01 does contain codes that ophthalmologists also need.

SCG 10 codes can be found at the [Medi-Cal website](#).
