## **August 2007 Change Cycle**

The following is a list of changes which were added to the CMS Net System for the August 2007 Change Cycle:

### **CMS Net Web**

Vendored Therapy: Changed the Reporting Category text from Vendored Therapy to "Therapy in lieu of MTU." Allow override of the program end date if a therapy service code is selected and the "Vendored Therapy of lieu of MTU" reporting category is selected.

Provider SAR Report: Created a new SAR report, which will allow users to pull SARs "By Provider". This report is similar to the PIP Daily Activity report. The following report fields will display: SAR Number, Provider Name, Client Name, CIN, Status, Service Begin Dt, and Service End Dt.

Dental National Provider Identifier (NPI): Corrected the Dental NPI# search to display all of the offices associated to the Dental number.

Carbon Copies: Changed the letters to print the first letter to the addressee. Additional letters will display the carbon addresses in the address window for mailing purposes.

SAR Cover Letter: Corrected the format on the SAR cover letter.

### **CMS Website**

Panel Provider Report: Changed the "Paneled Provider by Specialty" report to "Paneled Provider by Provider Type." This report is located at <http://www.dhs.ca.gov/PCFH/cms/ccs/paneled.htm>.

## **Business Objects**

Managed Care Plan Disenrollment Date: The Managed Care Plan disenrollment date in Business Objects will now display the Managed Care Plan Termination Date from CMS Net. This will allow ad-hoc users to run Business Objects reports on clients actively enrolled in a specific managed care plan.

## **CMS Net Legacy**

Transaction Tracking: Modified the logic to display all the screens and respective edits. Added additional screens and fields to be audited. Added additional screens to view on the report.

Letter C-36S - Spanish Application Letter: Corrected the formatting of the letter.

Application Tickler: The Financial Status was added to the Application Tickler.

Denial Letter: Corrected the C-72 letter in the Legacy System. The free text printed out twice and the reason for denial was missing.
