Children's Medical Services Network
(CMS Net) - Information Bulletin #248**

March 2008 Change Cycle

Monday, March 31, 2008 State offices will be closed for Cesar Chavez Holiday. The CMS Net System will be available during normal hours but the Help Desk staff will not be available. If your matter is urgent – please leave a message on the CMS Net Help Desk at 916-327-2378. Someone will monitor for system outage problems that require attention remotely. However, if it is of any other nature, your call will be returned on April 1, 2008. Thank you.

The following CMS Net System changes to be included in the March 2008 Change Cycle:

CMS Net Web

Dental Codes from 3 digits to 5 digit CDT-4 codes: Added the new dental procedure code file which will contain both the 3 digit local codes as well as 5 digit CDT-4 codes.

New Modifier: Added a new modifier in CMS Net SAR system, KC for selection with DME procedure codes E2321, E2322 & E2327.

AKA Title: Display the “AKA” title on the Special Care Center Bulletin popup only when an AKA is present.

Provider Search: Filter providers from the provider search results screen based on status. By default, the provider search results screen will display only those statuses identified with an Active, Pending, Non contract, Indirect. Providers with all other statuses will appear when the user checks the “Show All Statuses” box.

CMS Net Legacy

Legacy Authorizations: Restricted Service Classification to allow only orthodontic authorizations to be added to the Legacy system.

Form changes: Added “use blue or black ink” comment on the CCS forms requesting signature.

Pending Interview Letters: Modified the Spanish and English Pending Interview letters to include the same requested documentation on both letters.
