(CMS Net) - Information Bulletin #259**

New Addition to the Family

We are about to add the 57th member to the CMS Net family of California Children's Services (CCS) county programs. On June 28th, 2008, Sacramento County will transition to CMS Net. Several Information Technology Staff will be working with Sacramento County's users to implement [several new enhancements](#) to CMS Net and provide system training during June and July. Our Information Technology State staff and contractors are fully committed to this transition during this time. Due to the limited number of support staff, the Help Desk support will be impacted. Your patience during this time is appreciated.

Thank you!
