Children's Medical Services Network  
(CMS Net) - Information Bulletin #343**

## **Removal of Incorrect MEDS Other Health Coverage (OHC) Code - Revised**

The DHCS Third Party Liability (TPL) Division is responsible for assigning, correcting, and removing the OHC code in the Medi-Cal Eligibility Data System (MEDS) which indicates that a CCS client is enrolled in OHC. County CCS Programs can request the removal or correction of an incorrect OHC Code by contacting their liaison at their County Social Services Agency and requesting that an Eligibility Worker (EW) 15 MEDS transaction be initiated to remove or correct the OHC code. Alternatively, such a request can be submitted to the DHCS TPL Division by accessing the TPL Division website:  
[DHCS Other Health Coverage \(OHC\)](#)
