

# This Computes!

**Department of Health Care Services  
Children's Medical Services Network  
(CMS Net) - Information Bulletin #346**

## **July 10, 2010 Change Cycle**

The CMS Net applications will be down from 5:00 p.m., Friday, July 9<sup>th</sup> until 3:00 p.m., Saturday, July 10<sup>th</sup> to implement changes included in the July 2010 change cycle.

### **Legacy**

#### **Client Eligibility**

- System will not default "Active" in the Case Status field.

#### **Patient Registration**

- Correction to the Medical Home, Other Addressee, Caseworker's name to save when added or updated
- System should not error out when user selects a duplicate record
- Information on registration should match face sheet printout
- Ability to search for provider by NPI in Medical Home field
- Medical Home field, not necessary to reselect provider to move to next field
- SCI Inquiry, when an SSN is entered, system should not freeze
- The legal county field will display only the user's county, removed 'Out of State' from the Legal County field

#### **Patient Identification**

- Correct search for client by DOB and gender. Both genders were displaying in error.

### **CMS Net Web**

#### **Correspondence**

- Added correspondences related to Statewide Guidelines for Health Care Transition Planning for Children with Special Health Care Needs. Per CCS Information Notice No.: 09-01 this includes Attachments:

Att A: Letter to Parents of Clients 14 years and older  
Att B: Letter to Provider when Client is 14 years and older  
Att B2: Pediatrics Journal Statement on Health Care Transition  
Att B3: Health Care Skills Checklist  
Att C: Letter to Parents of Clients 16 years and older  
Att D: Transition Health Care Plan  
Att E: Letter to SCC Requesting Client Transition Information  
Att F1: Cover Letter to Client on Adult Services Declaration  
Att F2: Notice of Privacy Practices Form  
Att F3: Adult Services Declaration Form  
Att G: Letter to MD on Continuity of Care after 21 years of age  
Att H: Letter to Clients approaching 21 years of age  
Att I: Final Transition Summary Survey

- Added Maintenance and Transportation letter  
MTA: Maintenance and Transportation Authorization Letter

### **SAR**

- Correction to only allow quantity field to be enabled for NDC codes
- Correct issue to allow a search for inactive providers to issue a SAR by checking 'Show All Statuses'. If provider is currently inactive, the user can still issue SAR to provider for the effective period the provider was active.
- Added new warning message when selecting NDC for provider contracted blood factor products.
- Added new special instruction in the General category related Emergency Services

### **Case Notes**

- Correct error when a NOA or denial letters is reprinted from correspondence a case note is not created.

### **MTP**

MTP Module:

- Added a "New Referral" status in the MTU Status field in the MTU Assignment screen. When selected the follow up date will appear for entry. The date entered cannot exceed 30 days from the current date.
- In the Create PTR module the "Unreviewed PTR" button will only appear for LA Users.
- All client SARs will display for selection in the Auth # field in DME Tracking.
- The "Initial Evaluation" will continue to display in the Frequency screen even after Treatment or Evaluation has been added.
- A case note will automatically be created when a case is closed to the MTP program in the Case Status screen.

- P or T can be added to the “Evaluation” field on the Create PTR screen.
- When a Zip Code is updated in the Demographics screen, it will update Registration in Legacy.
- Schools added under Provider Registration and are now searchable in the School and Consent screens.
- A check box has been added under the PTR Batch Module to select all PTR’s to be added to a batch at one time.
- PTR’s can be printed by quarter after the batch has been transmitted.
- 3x/year 30 minutes, 3x/year 45 minutes, and 3x/year 60 minutes have been added under the “Frequency” tab for monitoring.
- Cases with Satellites may be closed to the MTU under the MTU Assignment Screen.
- User may add a three digit number to the IEP field in the PTR Screen.

#### MTP Reports:

- The Frequency report is reformatted and will now print in landscape.
- The IEP report calculations are corrected.
- Created a new report for “Therapy Indicated or Not Assigned”
- Cases with Satellites will now appear on the “Master List”  
Note: Cases with Satellites may not appear on *all* reports but we will continue to work on this fix for next change cycle.)
- Patient Address report has been corrected to show only open cases and no duplicates.
- Medical Report Due report has been created for cases that have not been assigned to a conference before.

#### Caseload

- New transfer case functionality to retrieve cases temporarily transferred to another caseload
- Updated the Caseload Maintenance details to display the archive case count
- Correct Caseload security to allow users with the admin flag to see all caseloads they are assigned.
- Correct Caseload Detail Report page numbering and to exclude records flagged as bad or duplicate.
- Correct caseload ID hyperlink to only display active members of the caseload.

#### Appointment Scheduling

- Correct issue with ticklers not restoring when an Appointment Booked was cancelled. Cancelling and deleting appointments booked will restore tickler to ‘Appointment Due’.
