Updated: Lists of Enteral Nutrition Products Available to Authorize and DHCS Contracted Providers of Hemophilia Blood Factor Products

Effective September 1, 2010, new contracts for standard, diabetic, and metabolic enteral nutrition products will take effect. The CCS SAR Tools website has been updated to reflect new product additions in each category of product:

<http://www.dhcs.ca.gov/services/ccs/cmsnet/Pages/SARTools.aspx>

Additionally, new pharmacy providers have been accepted to be DHCS providers of hemophilia blood factor. Please note the effective date of each pharmacy on the list, as some pharmacies were enrolled retroactively.

SAR adjudicators should consult SAR Tools instead of printing out the lists, for the most up-to-date listings. If you print the list out, it may be inaccurate in a few weeks.
