New Standard Enteral Nutrition Products Contract from Nestle Nutrition

Effective February 1, 2012, three newly contracted standard nutrition products will be available for authorization, see Enclosure 1.

In addition, effective March 1, 2012, 17 Nestle Nutrition standard nutrition products have been removed from the State Contracted Enteral Nutrition Products List and will no longer be payable in the system (despite an active SAR), see Enclosure 2.

CCS Counties should review Enclosure 2 to ensure that clients receiving these soon to be non-contracted products receive a new SAR for an equivalent contracted product.
