New Metabolic Enteral Nutrition Products Contracted

Effective December 1, 2012, newly State contracted metabolic enteral nutrition products will be available for authorization. Enclosure 1 lists products newly contracted items. Enclosure 2 lists products that will no longer be contracted, therefore will not pay, even with an approved SAR. If an existing SAR is open for this product with dates of service beyond Dec. 1, 2012, a new authorization for a similar product that is contracted should be completed.

Note that contracts are code specific, not product name specific.

The Medi-Cal Provider Manual's Enteral Nutrition Products: Metabolic can be viewed at:

http://files.medi-cal.ca.gov/pubsdoco/publications/masters-mtp/part2/enteralmeta_a04p00.doc

Reminder: Continue to follow "New Medi-Cal Fee for Service Outpatient Enteral Nutrition Product Benefit - Clarification and Direction for CCS and GHPP SAR Adjudicators"
