**Department of Health Care Services  
Children's Medical Services Network  
(CMS Net) - Information Bulletin #414**

## **Deactivation of Legacy Authorization Functionality from CMS Net**

Please note this notification cancels and supersedes This Computes #249.

Effective 12/17/12, the CMS Net system legacy authorization functionality will be deactivated. The Generate Request/Auths menu options and any related narratives will no longer appear for selection. Contact the CMS Net Help Desk if you have any questions or have a situation where a legacy authorization is required. Thank you.
