

California CHDP Local Program Trainer Guide ~ CHDP Dental Training: Focus on PM160 Screening

All CHDP local personnel who are responsible for provider education should familiarize and educate themselves with this training. CHDP staff should be prepared to answer questions from providers.

Presenting the Training

- This condensed training should be used in its entirety. It is recommended that staff review the main *CHDP Dental Training: Oral Health Assessment and Referral* for greater understanding of the presentation material.
- Review the PowerPoint (PPT)
- This training is best presented in an individual office or group training, and providers can also be directed to self study.

Preparing the Power Point (Technical Tips)

- Check to see if training room has internet access.
- Download PPT onto flash drive or laptop.

Trainer Materials

Items can be accessed and printed from the *CHDP Dental Training: Focus on PM160 Screening* home page (Printable Materials):

- Labels for Presentation Folders
- Materials for Trainee Folders (See below)
- Attendance Sheet
- Review Questions/Answer Key (Optional)
- Evaluation Form
- Certificate of Completion

Preparing Trainee Folders

Decide if you are going to give individual folders to provider(s), or only one sample per office/clinic. Suggested items for folder: (Link through the Training Home Page)

- Printed copy of PPT

Speaker Tips

- During the introduction, review the contents of the training folder with participants.
- If you have internet access, some slides may have icons or links to access further information, guides, videos, brochures, etc.
- After the PPT:
 - If time permits, go over review questions and answer key – with PPT slides, &/or with printed review questions.
 - Remind providers that they can review training online.
 - Distribute and collect evaluations
 - Hand out certificates
