CHDP Provider Information Notice No.: 15-05

TO: ALL CHILD HEALTH AND DISABILITY PREVENTION (CHDP)
PROGRAM PROVIDERS AND MEDI-CAL MANAGED CARE PLANS

SUBJECT: CHILD HEALTH AND DISABILITY PREVENTION (CHDP): MODIFY
GENDER ELIGIBILITY FOR QUADRIVALENT HUMAN PAPILLOMA
VIRUS VACCINE (HPV4) TO INCLUDE MALE POPULATION

The purpose of this Provider Information Notice is to inform providers that, in addition to CHDP code 76 (please refer to CHDP Provider Information Notice No.: 12-02) for the routine VFC administration fee for HPV4, CHDP has also changed the gender indicator to “both” for CHDP local codes 77 and 78 to permit reimbursement to providers who administer this Non- VFC vaccine to males aged 19 years to 20 years through 11 months.

Because there is no change to allowed vaccines, the CHDP Vaccine Benefit and Reimbursement Table is unchanged.

Your continuing participation in the CHDP Program is greatly appreciated. If you have any questions about CHDP vaccine benefits or other CHDP issues, please contact your local CHDP program office.

Sincerely,

ORIGINAL SIGNED BY LOUIS R. RICO

Louis R. Rico, Chief
Systems of Care Division
