

# California's Obesity Prevention Plan: Strategies and Activities for Health Care Providers

Join us for a Webinar on December 10 or  
December 16

This interactive webinar will provide a forum for the California Department of Public Health (CDPH) Nutrition, Physical Activity & Obesity Prevention (NPAO) Program to obtain targeted feedback from DHCS's Child Health and Disability Prevention (CHDP) Program Deputy Directors and staff on strategies and activities proposed in the California Obesity Prevention Plan (COPP). The strategies and activities reviewed in this webinar will be specific to the "Health Care Insurer and Provider" sector and build on work planned or currently being done by CHDP providers and other health care insurer and provider stakeholders. The plan will highlight evidence-based community-endorsed strategies and activities and serve as a guide for action in California.

This webinar will be conducted online as well as by phone. A PowerPoint Presentation, reference health care documents and a response form will be provided. You will have the opportunity to review the plan for the health care segment and provide written and verbal input.

*Please select one of two times below by clicking the  
hyperlink below. Please respond by December 8, 2009.*
