Draft Charter

Purpose/Mission:

To provide advice and assistance in implementing enhancements to the California Partnership for Long-Term Care program and consider other means for assisting consumers in addressing their long-term care needs.

Task Force Members:

The LTC Task Force Advisory Group members are agency representatives designated by SB 1384, which provides that the task force be composed of representatives from each of the following agencies:

- The State Department of Health Care Services
- The State Department of Social Services
- The California Department of Aging
- The Department of Insurance
- The Department of Managed Health Care
- The Senate Committee on Rules
- The Speaker of the Assembly

In addition, persons knowledgeable of, and experienced with, long-term care will be invited to participate as consulting entities to the Task Force and provide an outside agency perspective.

Task Force Workgroup #1 Objectives:

1. Identify state and nationwide data to compare the Partnership's performance and LTC coverage penetration to the nationwide patterns for use in assisting with reasonable and sound policy recommendations.
2. Identify recommendations for implementing enhancements to the Partnership and the appropriate vehicle for implementation.
3. Produce reports that reflect recommendations, review findings and measure outcomes, which can be used to identify potential policy changes.

Expected Outcomes:

1. Encourage inactive partner insurers to rejoin with new Partnership policies.
2. Attract new insurers to join the Partnership and review the Partnership insurance marketplace.
3. Find sustainable long-term care insurance policy options for more middle income Californians to participate in to help relieve some economic burden on the publicly funded program.
