January 4, 2012

Agenda

- Introductions & Overview
- Non-Profit Change
- Exceptions
- CBAS Application
- Key Dates & Timeframes
- Ongoing Updates & Information

CBAS Overview

- The new CBAS program continues the DHCS focus on ensuring delivery of high quality services to vulnerable Californians.

- Access to CBAS services through an effective provider community is an important element of the CBAS program design.

Non-Profit Change

- The ADHC program was founded on Non-Profit providers.

- This action takes the program back to its original non-profit community focus.

Non-Profit Change

- In continuing our attention to service access and service quality to meet the high level of care that individuals require...

    CBAS providers must be "Non-Profit" by July 1st

- With 3 DHCS approved Exceptions...

Exception #1

- **Program Specialization...**
Specialization that meets the specific health needs of CBAS-eligible participants not otherwise met by any other CBAS center in the participants' geographic area

Exception #2

- **Access...**
  To preserve an adequate number of CBAS providers so CBAS-eligible participants can transition seamlessly from ADHC to CBAS without service interruption due to wait lists

Exception #3

- **Conversion Delays...**
  Providing some allowance for "For-Profit" to "Non-Profit" conversion delays.

Exception Requests

- Exception Requests will be accepted and reviewed after participant assessments have completed and the CBAS population distribution and needs are understood.

- Acceptance of such requests should begin in March 2012, and follow the review and acceptance of completed provider applications.
