

California Health and Human Services Open Data Portal

5/11/2015

About CHHS Open Data Portal

- The California Health and Human Services Agency (CHHS) launched its Open Data Portal initiative to increase public access to non-confidential health and human services data.
 - "Open Data" describes data that are freely available, machine-readable, and formatted according to national technical standards to facilitate visibility and reuse of published data.
- Access to standardized data that can be easily retrieved, combined, downloaded, sorted, searched, analyzed, redistributed and re-used by individuals, business, researchers, journalists, developers, and government to process, trend, and innovate.

DHCS Data Portal Pilot

- Data portal was previously CDPH only
- March 16, 2015 DHCS went live on the CHHS data portal
 - OFP was asked to participate in pilot for DHCS CHHS data portal
 - Demographic data on Family PACT clients was submitted and posted as part of the DHCS data portal pilot
 - Data from Fiscal Year 1997 – 2013
 - Gender, age, race/ethnicity, language, and parity
