

CalHealthCares

\$220 million available for loan repayments!

About the CalHealthCares Program

Proposition 56 provides a one-time allocation of \$220 million for a loan repayment program to increase access to care for Medi-Cal beneficiaries. The Department of Health Care Services (DHCS) contracted with Physicians for a Healthy California (PHC) to administer the loan repayment program, CalHealthCares. Eligible physicians may apply for a loan repayment up to \$300,000 in exchange for a five-year service obligation. Eligible dentists may apply for either a loan repayment up to \$300,000 in exchange for a five-year services obligation or a practice support grant up to \$300,000 in exchange for a ten-year service obligation. All medical and dental specialties are eligible. In this cycle, CalHealthCares expects to award approximately 125 physicians and 20 dentists. All awardees are required to maintain a patient caseload of 30 percent or more Medi-Cal beneficiaries.

Who May Apply?

This program is intended to support existing physicians and dentists that provide care to Medi-Cal beneficiaries as well as incentivize new physicians and dentists to increase their participation in the Medi-Cal program. To be considered for an award, the applicant must be a current licensed healthcare provider (physician or dentist) **or** current dental student as well as, physician or dental resident, and/or fellow. Applicants must:

- Have an unrestricted license and be in good standing with their licensing board
- Be an active enrolled Medi-Cal provider without existing suspensions, disbarments or revocations
- For physicians, be graduated from a residency program and for dentists, be graduates of a dental school
- Practice in California
- For those applying for the loan repayment program, have existing educational loan debt incurred while pursuing a medical or dental degree and not currently participating in another loan repayment program

CalHealthCares

- For those applying for the practice support grant, have an existing dental practice and expand and/or relocate to a targeted county
