Important news about your health benefits

10/25/2014

Case Number: XXXXXXXXXXXX

Dear XXXXXXXX,

Thank you for choosing to keep getting health insurance through Covered California for 2015. To renew your coverage, Covered California checked to see if you and your household qualified for a number of insurance affordability programs. Some of the programs include:

- Free or low cost Medi-Cal
- Premium assistance (a federal tax credit)
- Silver cost sharing reductions (lower co-pays and deductibles)

We used the information you gave us and federal data to renew your health insurance for 2015. In this letter, we will tell you which insurance affordability program each of your household members qualify for.

XXXXXXXX

You qualify for health insurance through Covered California. You also qualify for up to \$547 per month in premium assistance to help pay for your health insurance coverage. If you choose an enhanced silver plan, you will get lower out-of-pocket expenses through lower copays and deductibles.

About financial help

There are two types of financial help you may qualify for. Help with paying your monthly premiums is called premium assistance. Help you get when you use your coverage is called silver cost sharing reductions.

Premium Assistance

Premium assistance is a federal tax credit that helps make health insurance more affordable. The amount of premium assistance you can get depends on your household size, family income and where you live. There are three ways you can use your premium assistance:

- Apply **all** of your tax credits in advance to lower the amount you pay each month,

- Take **some** of the tax credits each month and get the rest at the end of the year, or
- **Wait** until the end of the year to get the credit as a payment to you after you file taxes.

If you take some or all in advance (before you file taxes), the tax credit is paid directly to your health insurance plan.

Changing your premium assistance

You can change the way you get premium assistance you take any time. To take less premium assistance, please call your Covered California Certified Enrollment Counselor or Certified Agent or the Covered California Service Center.

Silver cost sharing reductions

You may also qualify for silver cost sharing reductions. This means, based on your household income, when you choose a silver plan, you will have lower out-of-pocket costs. Out-of-pocket costs include co-pays, co-insurance and deductibles. If your income qualifies, you can get the benefits of a gold or platinum plan for the price of a silver plan. With silver cost sharing reductions, on average, the plan pays 94%, 87% or 73% for covered benefits and you pay for the rest. For example with a silver 94 plan, there is no deductible and primary care visit co-pays are only \$3.

We have evaluated you for Medi-Cal. You do not qualify for Medi-Cal health coverage because your income is above the Medi-Cal limit.

If you think we made a mistake, you have the right to appeal the eligibility decision for Premium Assistance, enhanced silver benefits and/or purchasing a health insurance plan. Read "**If you think we made a mistake**" below.

Thank you for applying with Covered California.

You do not qualify for Premium Tax Credits, Enhanced Silver Plan because:

Based on the information you gave us, we believe you are likely to be eligible for coverage through the Medi-Cal program. Your county of residence will contact you if more information is needed. You will receive a separate notice about your eligibility for Medi-Cal.

If you think we made a mistake, you have the right to appeal the eligibility decision for Premium Assistance, enhanced silver benefits and/or purchasing a health insurance plan. Read "**If you think we made a mistake**" below.

Great News about dental insurance in 2015!

- If you have children covered, all Covered California health plans now include pediatric (children's) dental coverage. When you renew, you don't have to pay for a separate dental plan for your children.
- Family dental insurance will be available at an additional cost. Dental care is important, but this coverage is optional. If you want, you can enroll in a dental plan starting in early 2015.

What to do next

Keep in mind, your health coverage can only be renewed if you keep paying your monthly premiums (monthly cost) on time. To avoid a gap in coverage, you must pay by 12/26/2014. You may contact your health plan directly, or you can wait for them to bill you. **Please do not send your payment to Covered California.**

If you change your mind and want to pick a different plan, you still can. During the Open Enrollment period, you can go to CoveredCA.com to compare rates and shop for a different health plan. You can also enroll in a dental plan. The 2015 Open Enrollment period is from November 15, 2014 to February 15, 2015.

If you're thinking of changing health plans, you may want to check whether the plans you're looking at have your current doctors or hospitals. At CoveredCA.com, there are links to each health plan's provider directory. There you can check to see which doctors are available.

If you decide to change health plans, you must choose by 01/15/2015 and you must pay your plan directly by 01/27/2015. This way your coverage can start on 02/01/2015.

Note: If this letter says you or someone in your household was advised that they may be eligible for Medi-Cal, then those household members do not need to pick a plan now. Please wait to hear from your County worker.
