Renewal Periods

This page highlights the timeline for each renewal period. When the continuous coverage requirement ends in March 2023, the DHCS renewal period would begin in April 2023. The 12th month of eligibility would be the May 2024 renewal with activities beginning in March 2024 and ending within the required 14-month period.

Example: County administrative renewal processes will begin in April 2023 for an individual with a renewal month of June 2023.
This map highlights the county renewal activities for an individual whose renewal month is June 2023. When the continuous coverage requirement ends in March 2023, counties would begin the following renewal activities.

1. 85 days prior the county will attempt to renew eligibility using available information and data sources without contacting the beneficiary.

2. If the county is unsuccessful, they will send a renewal packet at least 75 days prior to the renewal month.

3. The beneficiary has 60 days to return the renewal packet. If they return it but the county needs more information, the county will send a MC 355 Request for Information.

4. If the individual is no longer eligible, they will receive a notice 10 days prior to the date their eligibility will end.

5. If the individual continues to be eligible, the renewal date will advance to the following year.
