CalAIM Standard Screening and Transition Tools

Working Group Rosters

December 14, 2021

Overview

DHCS is engaging with several groups of stakeholders throughout the process of developing and testing the screening and transition of care tools. Once DHCS has drafted versions of the tools, DHCS will invite public comment. The Screening and Transition Tools Small Working Group has been meeting with DHCS on an ongoing basis to draft and guide testing of the tools. DHCS is also consulting with the Screening and Transition Tools Large Working Group and the [CalAIM BH Workgroup](#) via written comment and stakeholder convenings to ensure that a broad range of perspectives are taken into consideration in the development and implementation of the screening and transition of care tools.
