ABOUT THE SURVEY

• DHCS is partnering with CHCF and their grantee SSRS to conduct a rolling monthly survey of people who have been procedurally disenrolled from Medi-Cal during the continuous coverage unwinding period.

• The purpose of this effort is two-fold:
  o Develop a better understanding of renewal barriers and reasons for procedural disenrollment to inform real-time changes to help people keep coverage; and
  o Encourage people to “cure” their renewal so they can restart coverage.

• The survey will be made available each month from November 2023 (Month 1) to April 2024 (Month 6) to heads of households with at least one Medi-Cal member who was disenrolled for procedural reasons. Efforts were made to reach all procedurally disenrolled Medi-Cal beneficiaries, but survey respondents may not be representative of the entire population.
  o Beginning in Month 2, all individuals procedurally disenrolled each month will be sent a survey invitation by email, text, and/or mail (depending on available contact information for the head of household) and in all Medi-Cal threshold languages. No additional specific efforts have been made to ensure a representative sample of respondents and data are not weighted.
  o In Month 1, survey invitations were sent by email and/or text only and only in English, Spanish, Traditional Chinese, and Vietnamese.
  o Caution should be used in interpreting results, particularly for questions where there are a small number of respondents. These highlights include findings where the number of respondents is at least 100.

• Terminology for racial and ethnic categories reflect those used in Medi-Cal data.
HIGHLIGHTS FROM SURVEY MONTH 1

About the Month 1 Cohort:
- A total of 179,104 people were disenrolled from Medi-Cal for procedural reasons as of November 1, 2023 (based on an October 2023 redetermination month).\(^1\)
- The Month 1 survey cohort consisted of people procedurally disenrolled as of November 1, 2023 (based on an October 2023 redetermination month) for whom DHCS had text and/or email contact information.
- A total of 1,262 people completed the survey online from November 29 through December 28, 2023.
- As described in more detail on slide 2, efforts were made to reach all procedurally disenrolled Medi-Cal beneficiaries, but survey respondents may not be representative of the entire population.

Key Findings for Month 1:
- About one-third of all survey respondents (32%) said they did not know they would lose Medi-Cal if they failed to complete their renewal.
- Four in ten (39%) of all respondents said they would like to restart Medi-Cal but did not know how.
- Nearly half of all survey respondents (47%) said they did not receive a renewal form.
  - Of those who received a renewal form, nearly two in three respondents (62%) reported completing it.
  - Of those who received a renewal form and completed or tried to complete it, nearly one in three (31%) said that they called but got no answer, were on hold too long, or got disconnected.
- Respondents who live in households whose members all identify as Hispanic were significantly more likely to experience some challenges compared to White non-Hispanic households.

Did you know that Medi-Cal members lose their coverage if they do not complete their renewal form? (N=1,262)

Your Medi-Cal coverage ends if you don't turn in your renewal form or you are missing information that the county asked you to send. Your local county Medi-Cal office mails you a letter when this happens. If you send your local county Medi-Cal office the renewal form or missing information within 90 days from the date on the letter, your Medi-Cal may restart.

Do you plan to send your local Medi-Cal office the renewal form or missing information to restart your Medi-Cal? (N=1,262)
GETTING AND COMPLETING THE RENEWAL FORM WAS CHALLENGING

As far as you know, did you/your household receive a Medi-Cal renewal form for 2023? (N=1,262)

- Yes: 53%
- No: 47%

Did you/your household complete the renewal form? (Asked of those who received a form. N=667)

- Yes, I/my household completed the renewal form: 62%
- No, I/my household tried but was not able to complete the form: 25%
- No, I/my household did not try to complete the form: 13%

Which of the following, if any, happened to you when (you were completing/you tried to complete) your renewal?* (Asked of those who completed or tried to complete their form. N=582)

- You could not find information about where to get help: 9%
- You could not get help in your preferred language: 2%
- You called but got no answer, were on hold too long, or got disconnected: 31%
- You went online but the website was not working, was too complicated, or did not have the information you needed: 15%
- The person who helped you asked questions that were hard to understand or that you couldn’t answer: 6%
- You got information that was confusing or wrong: 12%

*Respondents could also select “Something else” (18%) and “None of the above” (38%).
HISPANIC HOUSEHOLDS SIGNIFICANTLY MORE LIKELY TO EXPERIENCE SOME CHALLENGES

Disparities in Challenges

- Tried but unable to complete renewal form:
  - White non-Hispanic Households: 19%
  - Hispanic Households: 30%
  - All Households: 25%

- Would like to restart Medi-Cal but do not know how:
  - White non-Hispanic Households: 32%
  - Hispanic Households: 43%
  - All Households: 39%
