Characteristics of the Medi-Cal population as captured by the Medi-Cal Eligibility Data System (MEDS)

The data included in this document represent only certified eligible counts. Certified eligibles are those beneficiaries deemed qualified for Medi-Cal by a valid eligibility determination, and who have enrolled into the program. This classification excludes beneficiaries who have a monthly share-of-cost obligation that has not been met, as well as other specific populations. Certified eligible counts exclude information related to applications received or any other eligibles that may be in the process of becoming certified eligible.

The counts presented are considered PRELIMINARY and subject to change. The certified eligible counts reflected in this document incorporate three Medi-Cal eligibility updates and reflect roughly 99.2% of all Medi-Cal certified eligibles for the most recent month displayed. A specific month’s certified eligible count is considered complete for statistical reporting purposes 12 months after the month’s end. Please note that the values presented in figures included in this report may not add up to 100% due to rounding.

* Refer to the Appendix 1 for detailed aid code groupings.

** The ACA Expansion Adult – Undocumented group was categorized using the aid codes M2 and L7. Individuals in this aid group are entitled to restricted-scope services, such as pregnancy-related services, emergency services and LTC services.

*** Individuals enrolled in LTC aid codes 13, 23, 53, and 63. Does not include individuals who may have used LTC services, but were not enrolled in an LTC aid code.

</tbody>
</table>

* For this publication, the ACA Expansion Adult population was categorized using the following aid codes: 7U, L1, L6, M1, and P3. The ACA Expansion Adult – Undocumented group was categorized using aid codes M2 and L7.

** Individuals enrolled in LTC aid codes 13, 23, 53, and 63. Does not include individuals who may have used LTC services, but were not enrolled in a LTC aid code.

*** As they are entitled to full-scope Medi-Cal benefits, most individuals age 0-25 without satisfactory immigration status are dispersed throughout other aid categories.

**Note:** Aid category groupings were established by DHCS and are used for analytical purposes only. They do not necessarily represent specific distinctions between eligibility criteria, funding sources, or any other differentiating characteristics.
