

Medi-Cal Funded Induced Abortions Calendar Year 2006

The following tables summarize information on abortions provided to Medi-Cal beneficiaries during calendar year 2006. Medi-Cal claims provide the basis for the fee-for-service component on these tables. The incentive for complete reporting is great since fee-for-service providers must submit a claim to be reimbursed for their services. Encounter reports submitted by the County Organized Health Systems or Health Care Plans are the source of the managed care component of the data. Unlike fee-for-service claims, encounters are reported sporadically and vary in quality. Although the managed care information has been included as reported, it cannot be assumed to be complete.
