County	CA Department of Health Care Services Data Collection Reporting (DCR) System County Submission Issue Status as of 4/5/2025	Planned Submission Date
Alpine	County requested Technical Assistance on accessing the DCR system and/or a template for submitting outcomes data for future reporting.	County currently does not have FSP clients to report.
Inyo	County's DCR coordinator has been out on leave. They were given resources on how to begin submitting their FSP DCR data.	No submission date was specified by county in their response.
Mariposa	County has been working on this. They have fixed the file according to the updated specifications however it is not being accepted on the state site. All FSP information is captured, and they have it prepared for upload once the state system will accept it.	They are waiting for final approval to move forward with submission.
Orange	County has been working with a few of their FSP providers on their XML exports (which is individual sets of XML files for each of our contracted providers rather than one PAF, one KET and one 3M XML for all of Orange County). They are also continuing to work on the clean-up of their DCR data, so note that the XML files they will submit beginning in January will likely continue to introduce errors until they address the issues.	DHCS last reached out to Orange County regarding their DCR report on 5/8.
San Joaquin	County has begun the process of collecting paper DCR forms to directly input them into the State's website. County's HER vendor continues to work on this project and estimates they will	County anticipates submitting data by April 1 <sup>st</sup> and much more in late July.
