

**CA Department of Health Care Services
Data Collection Reporting (DCR) System
MHSA Full Service Partnership Reporting
County Submission Status
June 7, 2025**

County	CA Department of Health Care Services Data Collection Reporting (DCR) System County Submission Issue Status as of 6/7/2025	Planned Submission Date
Mariposa	County has been working on this. They have fixed the file according to the updated specifications however it is not being accepted on the state site. All FSP information is captured, and they have it prepared for upload once the state system will accept it.	They are waiting for final approval to move forward with submission.
Santa Cruz	County has submitted their forms and gained access but is requesting additional training and guidance for catching up and submitting FSP reports in the DCR portal.	They are waiting for additional guidance before submitting.
Sierra	County requested further clarification regarding our request and was sent the DCR approver form, FSP DCR Training for Users PowerPoint and the FSP Data Collection and Reporting Data Dictionary.	County expects to be reporting no later than August 29, 2025.
Ventura	County is currently having issues with access for the employees they have designated to do that data entry directly into the State Website, which is causing the delay. The staff seem to have access to the DCR application but do not see any of the data. They have been trying to troubleshoot this access issue. Their EHR vendor continually states they are two months out on implementation.	County anticipates submitting data soon but did not give an exact plan for submission date.

As of June 7, 2025

Counties current with data submission: 55

Counties late with data: 4¹

¹ Per California Code of Regulations, Title 9, Section 3620.10, counties are required to submit Full-Service Partnership (FSP) Performance Outcome Data no later than 90 days after collection.
