## II. EXECUTIVE SUMMARY

This report presents the findings of the DHCS review for the period of July 1, 2024, through June 30, 2025. The review was conducted from December 15, 2025, through December 16, 2025. The review consisted of a documentation review and interviews with the County's representatives.

An Exit Conference with the Plan was held on January 22, 2026. The County was allowed 15 calendar days from the date of the Exit Conference to provide supplemental information addressing the potential review findings. On January 29, 2026, the County submitted additional documentation after the Exit Conference. The evaluation results of the County's response are reflected in this report.

The review evaluated requirements from five categories of performance: Availability of DMC-ODS Services, Access and Information Requirements, Coverage and Authorization of Services, Beneficiary Rights and Protections, and Program Integrity.

The prior DHCS compliance report, covering the review period from July 1, 2023, through June 30, 2024, identified deficiencies incorporated in the Corrective Action Plan (CAP). The prior year CAPs were completely closed at the time of the review.

The summary of the findings by category follows:

There were no findings noted for this category during the review period.

#### **PROCEDURE**

DHCS conducted a review of the Plan from December 15, 2025, through December 16, 2025, for the review period of July 1, 2024, through June 30, 2025.
